Legislative Counsel's Digest:

Senate Bill No. 44 of the 2021 Legislative Session established master social worker as a new licensure category for social workers who possess a master's or doctoral degree in social work and have passed an examination. (Section 9 of chapter 522, Statutes of Nevada 2021, at page 3492 (NRS 641B.225)) Existing law authorizes a master social worker to: (1) engage in social work independently as part of an internship program to complete the supervised social work required for licensure as an independent social worker or a clinical social worker; and (2) supervise other persons engaging in the practice of social work. (NRS 641B.240) **Section 2** of

this regulation defines the term “licensed master social worker” for the purposes of the provisions of the Nevada Administrative Code regulating the practice of social work. **Sections 4 and 5** of this regulation add that term to the definitions of the terms “licensee” and “social worker,” respectively, thereby including master social workers within those terms. **Sections 8, 9, 13, 14 and 18** of this regulation expand the applicability of existing provisions governing provisional licensure, examinations, fees, licensure by endorsement and continuing education to include master social workers.

Existing law requires the Board of Examiners for Social Workers to adopt regulations prescribing the: (1) procedures for submitting an application to have a license placed on inactive status; and (2) procedures and terms upon which a person whose license has been placed on inactive status may have his or her license returned to active status. (NRS 641B.295) **Section 3** of this regulation prescribes such procedures. **Section 13** adds specific fees for the renewal of an inactive license.

Existing law requires the Board to maintain a list of the names and addresses of each person licensed to practice social work. (NRS 641B.130) Existing regulations authorize a person to obtain a copy of the list of names and professional addresses of each person licensed to practice social work. (NAC 641B.085) **Section 6** of this regulation provides that addresses, telephone numbers and electronic mail addresses of licensees on file with the Board are confidential.

Existing regulations establish the requirements for a licensed clinical social worker to make the certifications for emergency admission or involuntary court-ordered admission of a person to a mental health facility and the release of a person from emergency admission. (NAC 641B.093) Senate Bill No. 70 of the 2021 Legislative Session added a requirement that the Board adopt regulations establishing reasonable standards for the psychiatric training and experience necessary for a clinical social worker to be authorized to: (1) make a sworn statement or declaration for involuntary assisted outpatient treatment; and (2) perform the evaluation associated with such a sworn statement or declaration. (Section 73 of chapter 481, Statutes of Nevada 2021, at page 3115 (NRS 641B.160)) **Section 7** of this regulation authorizes a licensed clinical social worker who has the training and experience required for licensure as a clinical social worker to make such sworn statements or declarations and perform such evaluations. **Section 18** of this regulation makes conforming changes to continuing education requirements relating to such statements and evaluations.

Existing law requires an applicant for a license to engage in social work to pass an examination concerning his or her knowledge of the practice of social work. (NRS 641B.250) **Section 9** of this regulation revises the required examination for an applicant who holds a master’s degree in social work, including master social workers.

Existing regulations authorize an applicant for licensure to retake a failed examination every 90 days after the failed examination. (NAC 641B.105) **Section 9** authorizes an applicant to retake a failed examination less than 90 days after the date of the examination if the testing administrator provides a process allowing the applicant to do so.

Existing law authorizes a person whose license has expired to apply to the Board for restoration of the license. (NRS 641B.290) Existing regulations authorize a person whose license has expired to apply within 2 years after the date on which the license expired to regain the right to practice social work at the same level of licensure by applying for restoration of the license. (NAC 641B.110, 641B.111) **Sections 10 and 11** of this regulation reduce this period from 2 years to 1 year after the date on which the license expired. **Section 11** also removes a

requirement that an application for the restoration of an expired license be accompanied by evidence that the applicant passed the appropriate examination for licensure.

Existing law requires the Board, under certain circumstances, to grant a provisional license to a person to engage in social work as a social worker. (NRS 641B.275) **Section 12** of this regulation revises the requirements relating to provisional licenses. **Section 12** also removes a requirement that the holder of a provisional license to engage in social work practice under the supervision of a licensed social worker. **Section 13** replaces references to a repealed section of the Nevada Revised Statutes relating to expedited licensure by endorsement.

Existing law requires the Board to grant a license to engage in social work as an independent social worker or a clinical social worker if the applicant meets certain requirements. (NRS 641B.230, 641B.240) Existing regulations require an applicant for licensure as an independent social worker or clinical social worker to complete an internship in a program approved by the Board. Under existing regulations, the Board is authorized to withdraw its approval of a particular program for good cause, including the inability of the program to sustain after 2 full, consecutive calendar quarters, the minimum hours necessary to complete the program as required. (NAC 641B.140, 641B.150) **Sections 15 and 16** of this regulation change this timeframe from 2 full, consecutive calendar quarters to 2 full, consecutive 6-month reporting periods.

Under existing regulations, an applicant for licensure as an independent social worker who is currently licensed in Nevada or elsewhere as a social worker or associate in social work may apply to the Board for approval and acceptance of supervised, postgraduate hours completed in an agency that provides social work services if the applicant meets certain conditions. Existing regulations also authorize an applicant who is not licensed as a social worker or an associate social worker to submit certain work hours for approval and acceptance toward the hours of supervision that are required for licensure if the Board determines that the work experience meets certain conditions. (NAC 641B.140) **Section 15** eliminates these provisions.

Existing regulations provide that, under certain circumstances, an applicant who is not licensed as a clinical social worker but has performed supervised, postgraduate clinical social work in another jurisdiction within the immediately preceding 3 years may submit to the Board, for its consideration as part of a program approved by the Board, evidence of the satisfactory completion of that work if: (1) a licensing board that accepted the work submits verification of the hours of work to the Board; and (2) the Board determines that the experience of the applicant is substantially equivalent to or exceeds the current standards established by the Board for those applicants who complete such work in the State of Nevada. (NAC 641B.150) **Section 16** eliminates the latter requirement. **Sections 15 and 16** also prohibit a person who is participating in an approved internship as an applicant for licensure as an independent social worker or a clinical social worker from: (1) holding a postgraduate internship in another jurisdiction; or (2) engaging in the practice of social work outside the State of Nevada.

Section 17 of this regulation removes a requirement that a supervisor of an intern meet in person with the intern at the site at which the intern practices social work at least once every month.

Existing law requires the Board to establish certain continuing education requirements relating to cultural competency and diversity, equity and inclusion as a prerequisite for the renewal of a license. (NRS 641B.280, as amended by section 7 of Assembly Bill No. 267, chapter 202, Statutes of Nevada 2023, at page 1181) **Section 18** establishes such continuing education requirements. **Section 19** of this regulation requires a licensee's application for

renewal, beginning with the second such application, to include the certificate evidencing proof of compliance with those continuing education requirements.

Existing regulations authorize the Board to waive certain continuing education requirements upon the request of a licensee who is at least 65 years of age and is retired from the practice of social work. (NAC 641B.187) **Section 18** lowers the minimum age for such a waiver from 65 years of age to 60 years of age.

Existing regulations generally require the Board to approve a program of continuing education for social workers. However, existing regulations provide that a course or program approved by the National Association of Social Workers or the Association of Social Work Boards is deemed approved by the Board, and a provider or participant is not required to submit such a course or program to the Board for approval. (NAC 641B.189) **Section 20** of this regulation provides that a course or program approved by a national behavioral health board, certain licensing boards in this State or a nationally recognized behavioral health association is also deemed approved by the Board. **Sections 20 and 21** of this regulation change references to the National Association for Social Workers to instead refer to the National Association of Social Workers to reflect the current name of the association.

Section 22 of this regulation prohibits a licensee from providing services through telehealth to a client located outside this State unless the licensee is authorized to do so under the laws of the jurisdiction where the client is located.

Existing regulations, under certain circumstances, require a licensee to notify the Board in writing within 30 days after an event that may impact his or her ability to practice social work. (NAC 641B.200) **Section 22** requires a licensee to notify the Board when: (1) the licensee has a sanction, restriction or disciplinary action filed against him or her by an insurer, other third party or regulatory entity; or (2) the licensee is arrested.

Existing regulations interpret the term “professional incompetence” to include malpractice and gross negligence. (NAC 641B.225) **Section 23** of this regulation expands the meaning of “professional incompetence” to include impairment under certain circumstances.

Section 24 of this regulation repeals a requirement that a person carry evidence of a license to practice social work any time the person is engaged in such practice.

Section 1. Chapter 641B of NAC is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this regulation.
