ITEM 4 LEGISLATIVE AND REGULATORY ISSUES

Item 4 A Non-Action Item: Review and Discussion, Changes in NAC 641B.041 and NAC 641B.044 specifying that the LASW and LSW license allows for practice “under the supervision of an agency”. ***Note: This topic is being researched at this time and no action will be taken on this item at this meeting.***

Background Information: At the Board retreat in July 2017, the issue of independent practice by LSW was discussed. It came to the attention of the Board in 2016, that in the rural areas, the State was not hiring clinical interns as employees, rather they were being “contracted” to work for the state. The State then required that each contractor have a state business license before they would be employed in the contract position. Since the inception of the Board, there has always been a distinction between licenses that were considered “independent practice” licenses and those that were not. Unfortunately, our NACs did not effectively delineate this.

- **Lowery** recommended that the language be cleaned up in the licensure categories. 641B.041 and 641B.044 would be amended to add “under the supervision of an agency” in their definitions.
- **Lowery** clarified that independent social workers (LISW) and clinical social workers (LCSW) are allowed to engage in independent practice and own businesses providing social work services in NRS641B.

The Board approved the proposed language changes and they were submitted with our regulation changes to LCB for review. The recommended language changes were approved by LCB and the Legislative Commission on February 28, 2018 and are now in effect.

During implementation of these changes, **Lowery** communicated via the listserv with LASW and LSW licensees. As a result, of this communication. **Lowery** received related information regarding specific legislative language in SB 544 and AB127 that allowed for the contracting of social workers in schools throughout the state. Receipt of this information has prompted the Board to ask for clarification on contracting versus independent practice from our DAG. This topic is being researched and will be brought forward as future agenda item.

Board of Examiners for Social Work,

I, Rebekah Elisabeth Couper, have been arrested and convicted of multiple charges of prostitution and loitering with intent in California. I will detail these events and reasons for these events in this letter. I will also describe my last offenses here in the state of Nevada. I will start with the earliest event and end with the last event.

When I turned 18, I already had an extensive history of addiction. I had completed youth probation, youth parole, a sentence in Caliente Youth Detention Facility and residential treatment through Sagewinds. 2 weeks after turning 18, I relapsed on methamphetamine.

To the best of my recollection this is the order of events that led to my arrests and to my recovery. I was 19 when I met my first pimp here in Reno, NV and became his prostitute. He took me to California where I was arrested for my first charge of prostitution in Hollywood on 10/26/2001. I spent a weekend in jail and my charged was dismissed and I was given probation. Shortly after that arrest, I was kidnapped by another pimp and ended up getting arrested again for Prostitution and Violation of Probation on 11/21/2001. I was charged with Disorderly Conduct Prostitution and my probation was reinstated. I told the police that I had been kidnapped and that I wanted out. They gave me the option of going into the Walter Hoving Home in Pasadena, CA a Christian home for girls with addiction and prostitution history; I accepted. I spent a 45 days in jail before the home was able to come and get me. I spent the next few months of my life there. I ended up getting kicked out of there with another girl for a rumor of bisexual acts. I left with her and went to long beach where I relapsed on methamphetamine and met a guy who ended up leaving me in Tijuana, Mexico. I stayed there for 3 months until they were able to get me a bus ticket back to LA. When I returned to LA I contacted a lady I had met through the home and she took me to the Dream Center, a residential discipleship program, where I stayed for the next few months. I ended up getting kicked out of there for rumors of bisexual acts. The Dream Center dropped me off on Skid Row where I began using marijuana daily and a tried crack cocaine twice. I lived on Skid Row for a few months and met two gentlemen and we took a trip to Maine and then to Reno, NV where I was reunited with parents.

I decided to stay in Reno. I got a job at Quintus Marketing. During this time, I was only smoking weed and drinking. While working at Quintus I met a rapper from Oakland and decided to work for him. This decision led to my next arrest on 6/27/2003 in Hollywood, CA. I was arrested for a Violation of Probation and Prostitution. I was charged with Disorderly Conduct Prostitution and spent 45 days in jail and paid a fine of \$100. When I was released from jail I went back to the rapper and got an apartment in San Francisco where I continued to prostitute and got back into methamphetamine. I was involved in a sting and arrested on 8/27/2003 for Prostitution, Loitering with Intent Prostitution and Assisting Indecent Exposure. I was in jail overnight and let go in the morning. I continued to work for the rapper in San Francisco and met another pimp who I decided to work for. This pimp took me back down to the LA area, got me clean off methamphetamine. I was arrested in LA County on 2/12/04 for Disorderly Conduct Prostitution, the charge was dismissed due to delay. I was arrested in LA County on 2/26/2004 for Prostitution. I was arrested again, booked and released for Loitering with Intent Prostitution in Santa Ana, CA on 04/15/2004. I was arrested in Anaheim, CA on 5/12/2004 for driving without a license. I was convicted of Driving without a license and spent two days in jail and was released. While I was prostituting in the San Fernando area I was seen by my pimp talking to another pimp. That morning

when I was brought back to the room he proceeded to beat me with a coffee mug. I was black and blue when I showed up to one of my regular's houses and asked him to send me back home. I was on a bus back to Reno, NV that day. When I returned to Reno, NV I relapsed on methamphetamine.

Over the course of the next 6 years, my life revolved around methamphetamine. I used, I sold it and I transported it. During those 6 years I had one job at Subway which only lasted a few months before I did a no call no show. At the end of my using career is when I met TJ. I did things that I am definitely not proud of with him but that I am grateful for because this last arrest is what led me to recovery.

I was arrested in Quincy, CA on 8/10/2010 for accessory. I had charges pending in Reno, NV for 2 counts Grand Larceny Auto, 2 counts Possession of a Stolen Vehicle and Conspiracy to Commit Grand Larceny. The charges that were pending in Reno were from an event in which we robbed a dead man's house and stole his vehicle and went on a three county high speed chase evading police. I spent 2 weeks or so in Plumas County Jail before I was extradited back to Reno, NV. I was booked into Washoe County Jail with a charge of Burglary, Grand Larceny Auto, Possession of Stolen Vehicle on 8/31/2010. The next morning, I was add booked by Sparks Police Department for Grand Larceny Auto, Possession of a Stolen Vehicle, Burglary, Grand Larceny Auto, Possession of a Stolen Vehicle, and Grand Larceny Auto Conspiracy. These charges came from an event that took place in Sparks in July in which we stole a bobcat and a trailer in an effort to take it to California and sell it. We ended up running from the police and were not caught until we were arrested in Quincy. I spent about 2 months in jail fighting the case because I was listening to TJ. Finally, I realized that the life I had been living is not the life I wanted to live. I wanted something better. This was my bottom. I decided that I was going to ask for diversion court when I went to court next. I did. I was given a plea agreement that if I plead guilty to attempted burglary, sparks police would drop the charges and I would be given probation and diversion court would be recommended. Judge Berry wouldn't give me diversion court but she gave me drug court which I was grateful for on 10/26/2010. I was released on my own recognizance in the beginning of November 2010. I was grateful that TJ's girlfriend said that I could come stay with her as long as I went to school and remained clean. She had already enrolled me at TMCC to start in January and all I had to do was pick my classes. My life changed that day for the better. I am grateful.

I started drug court on January 11, 2010 and started school a few weeks later. I maintained a perfect program with no dirties and no sanctions. I graduated drug court on April 19, 2012. During my time in drug court I attended classes at TMCC. I graduated with my Associate of Arts in General Education Honors with Distinction. I transferred to the University of Nevada Reno and started working on my bachelor's degree in Social Work and my minor in Addictions Treatment. I was accepted into the Social Work in April of 2015 and graduated cum laude with my Bachelor of Social Work on May 13, 2016. I was accepted into the Advanced Standing Social Work Master's Program in April of 2016, which I am currently enrolled.

While in drug court I was introduced to Alcoholics Anonymous and found my support and my recovery. I got a sponsor, worked the steps, got a service commitment, took the suggestions, became a sponsor and changed my life for the better. I received a job at the Ridge House which allowed me to give back what was so generously given to me. Once I started at UNR, I joined Nevada's Recovery and Prevention Community and furthered my recovery efforts. During my field placement my senior year of my bachelor's degree I interned at Nevada's Recovery and Prevention Community as well as worked there. During my internship I ran educational groups and worked along with the director to create a model for

a high school recovery community. My dream is to work with adolescents in the field of addiction and recovery so that I may help deter them from the road that I traveled.

I started working at Bristlecone Family Resources in July of 2016 as a client advocate and became a social work intern, as well as, a CADIC-Intern during my Masters year of Social Work. I enjoy my job and the clients I work with. I enjoy giving back it is what has helped my recovery blossom.

I am grateful for my recovery for it taught me about myself, my strengths, my dreams and my aspirations. I am living a life I never dreamed I could have and there is nothing that would make me go back to the life I once lived.

As previously stated, to my best recollection these are the events that led me to my arrests and my recovery.

Thank you,

Dear Ms. Couper:

In addition to receiving your examination approval letter from the State of Nevada Board of Examiners for Social Workers (Board), you are receiving this letter, acknowledging your voluntary self-disclosure in response to the screening questions on your social worker application (Application). The Board appreciates your candor in self-disclosing this information. Please be advised, your voluntary self-disclosure, by itself, is not necessarily an indicator of whether the Board will eventually approve or deny your Application for licensure. There are numerous factors involved in the determination of an application for possible licensure, including but not limited to, your accuracy in completing the Application, submission of any and all required documents, full and accurate disclosure pertaining to all screening questions, and successfully taking and passing the appropriate licensing examination. Your Application will undergo a final review for consideration of licensure only after the Board receives official confirmation that you have successfully taken and passed the appropriate licensing examination and the Board is able to review the results of your criminal background history, based upon your submitted fingerprints. In the process of conducting the final review, the Board will review the criminal history resulting from your submitted fingerprint cards, in comparison to the information you submitted in your Application. Should this comparison result in any discrepancies or omissions in your Application and submitted documentation, a delay may occur during the final review and possible approval of your Application for licensure. These delays in the final review and possible approval of your Application may be the result of, but is not limited to:

- Your failure to fully disclose, including an inadvertent or deliberate omission of, information on your Application regarding any and all arrests, convictions or charges which are contained in the criminal history report. This may include prior arrests, convictions or charges in which you were informed that the arrest, convictions or charges were or would be expunged, sealed or dismissed; and
- Your failure to provide certified court documents regarding any and all arrests, convictions or charges which were contained in the criminal history report. The certified court documents for each offense you submit to the Board should include: the charging documents, any court hearings and reviews, including pleas, settlements, convictions, appeals, and dismissals. A certified copy of the final court disposition, documenting your completion of any and all court stipulations and/or orders is required. The certified court documents for each offense should include information supporting the case closure, dismissal, or lesser plea upon completion of court stipulation. If you were sentenced, certified documentation regarding the completion of sentencing and completion of any court ordered probation and/or parole and/or treatment must be submitted to the Board.

In the interest of public safety, and pursuant to NRS (Nevada Revised Statute) and NAC (Nevada Administrative Code) 641B, the Board reserves the right to issue a license to an applicant under certain circumstances. Furthermore, you may be required to personally appear before the Board for the purpose of fully examining your abilities to safely and ethically discharge your duties as a social worker before a final determination regarding licensure is made.

It is recommended that you also thoroughly review your examination approval letter in order to receive information regarding the length of time you are approved to take the licensing examination as well as the length of time your Application shall remain open. Should you have any further questions, please feel free to call our office at (775) 688-2555. Anyone of our staff members will gladly assist you.

To Whom It May Concern,

It is with great pleasure that I write this letter for Ms. Rebekah Couper. I am fortunate to have the opportunity to view Rebekah's professional development from July 2016 to present and can state with confidence that she is a motivated and responsible person with a high degree of integrity.

As the Human Resource Manager I feel that I know Rebekah quite well. She began working for Bristlecone as a Client Advocate and then was quickly offered a Counseling position along with developing and running our Co-Occurring program.

She is dependable, honest and hard working. Rebekah's is a team player and always has the client's best interest at heart.

Ms. Couper is a huge asset to our agency, our mission and ultimately to our clients.

To whom it may concern,

I am writing this letter on the behalf of Rebekah Couper in regards to her progress in her recovery and her work ethics as a certified alcohol and drug counselor intern.

I first met Ms. Couper in January of 2011 when I was assigned to be her primary substance abuse counselor in the adult drug court program. In drug court she was required to participate in treatment for a total of 12 months, test randomly, attend self-help meetings and find employment or pursue educational goals. When the treatment phase is completed participants are required to complete 6 months of aftercare before graduating. In Ms. Couper's case she graduated 3 months early due to having done a perfect program. She maintained abstinence from all substances, attended and participated in treatment enthusiastically, began attending college and became involved in the 12 step community including presenting meetings in institutions.

In 2016 she was hired as a substance abuse counselor intern with Bristlecone Family Resources. While she is not a part of the adult drug court team she does facilitate groups with drug court participants. The feedback that I have received from the participants is positive and that she really makes them think. Generally she is willing to take on new responsibilities and always working to find new material to help improve the quality of our services.

I believe that Ms. Couper has demonstrated that she has the desire to maintain the changes she has made in her life and that she will be a dedicated social worker moving forward.

Sincerely,

Julie Klein CADC

To whom it May Concern:

I am writing in strong support of **Rebecca Couper** as she applies for her license as a social worker. I have known Rebecca for several years as her faculty supervisor in Nevada's Recovery and Prevention program at the University of Nevada. Rebecca was a peer member in our program for 3 years, did her BSW internship with us, and was a student worker as well. So, I have gotten to know Rebecca on many levels and in various roles during her time here at the university.

When I think of recommending students to pursue licensure in any professional field, I always consider their ability to be successful in a demanding service role and if the person has the desire to navigate the various expectations that are required to help others and make a difference. Without a doubt, Rebecca is the quintessential social worker. She is intelligent, determined, humble, and contributed greatly to the process of other students. She has strong aspirations to learn more and contribute to the field of social sciences.

Rebecca possesses the sophistication needed at this level, but also has much more to offer than just her esteemed professional skills. Rebecca effectively synthesizes the literature, finding holes where further scientific inquiry is both important and necessary. She is someone who is hungry to develop her skills further. She has become an excellent counselor and mentor. She has learned to focus on self-care, and her personal improvement. A trait that I think is very important for social workers to possess. She would be an amazing addition to the social work field with both her current passions and also her past experience.

Overall, I find Rebecca to be an incredibly gifted student and person. She is the kind of student that we all hope for, as she simultaneously maintains a learning posture while engaging in rich dialogue. I am confident in my recommendation of Rebecca as a Licensed Social Worker.

Please call or email me directly if you would like to talk further about my experience with Rebecca.

Re: Rebekah Couper

This letter is to recommend Rebekah Couper for her official Social Work license.

Rebekah completed the minor in Addiction Treatment Services here at UNR and worked as a student staff and intern with NRAP (our Collegiate Recovery Program at UNR). She went on to complete her MSW this past year and graduated both programs with flying colors. Rebekah is a go getter. While working with NRAP she designed RHAP, an adolescent recovery community project for high school students, provided a women's issues group as a peer leader for NRAP, did wellness assessments, and provided a safe and accepting environment for students coming into the Center. Her enthusiasm helped us decide to take her to the Association for Recovery Schools' conference last June and to recommend her for a women in leadership conference. We continued to mentor her and our students continued to receive her mentoring via our Peer Support Recovery Network.

Very few students are like Rebekah. She had a difficult adolescence and struggled with multiple issues, yet, once in recovery she was determined to make a difference through her studies and her desire to work in the field. She was actively involved in her coursework, sought new experiences, and brought intelligence and an energy to each day. Rebekah worked with Bristlecone as a social work student intern and paid client advocate last year and has clearly committed herself to helping others find the gift of recovery and personal health and wellness. I believe this is an excellent choice for her and wholeheartedly support her intentions. Her personal recovery leads ~~her toward~~ advocacy and compassion—a primary goal for all social workers. With this in mind, I am pleased to recommend her for her official State license.

I struggled with homelessness, drug and alcohol abuse, and domestic violence from early 2000 until I entered rehabilitation in October 2009, therefore, I do not have 10 full years of work history due to this gap.

RE: Catrina Grigsby-Thedford

Criminal History Statement

I indicated on my Social Work Licensure application that I have been convicted of a crime. In my history, I have been convicted of one felony and multiple misdemeanors. This statement will include details in order to further explain why I have so many convictions, what happened, and what I am doing/have done to be a more productive member of society. My intention is to address the explanations to questions one (1) and two (2) on the application for Licensure. I also understand and acknowledge that some criminal convictions may limit my ability to become licensed in Nevada State.

When I was in my early twenties, I began to experiment with drugs and this experiment turned into dependence over the years. I have multiple paraphernalia charges on my record as well as a felony possession charge due to using drugs to live and living to use drugs. I am also a survivor of Human Trafficking and Domestic Violence. However, due to choosing that lifestyle and becoming dependent on men and drugs, I was arrested multiple times for soliciting and domestic violence as well. In 2005, I was convicted of Felony possession of controlled substance and sentenced to probation. Due to my inability to stop using drugs, I eventually violated probation and was sentenced to prison. I was released from prison January 2007 and successfully completed parole in July 2007. Upon receiving an honorable discharge from parole, I immediately relapsed because I did not understand the cunning, baffling and powerful nature of the disease of addiction. I thought I could celebrate my successes by using for just one weekend. This 'weekend' lasted for 2 years, and by God's grace I was arrested and sentenced to

rehab. I entered rehab on November 9, 2009 and I completed The Salvation Army Adult Rehabilitation Program On April 9, 2010. I also successfully completed Drug Court in March of 2010. I actively worked with my Drug and Alcohol counselor and Social Worker to address the codependency, addiction, and domestic violence issues I had. Through the support of these professionals, I was able to grow spiritually and emotionally and was assisted with moving on with my life.

I have been employed by the same company since August 2010 and have received multiple promotions. I started as a shelter worker seven years ago, and now I am the supervisor of the Supportive Services for Veteran Families department. I will be celebrating 8 years of continuous sobriety on October 20, 2017. I have been married to a wonderful man for 4 years, I actively attend spiritual 12 step meetings, I am a Celebrate Recovery Leader, I facilitate process group meetings at the Salvation Army Adult Rehabilitation Center for Women, and I volunteer with Real Talk Youth Impact Center. I have been through a lot in my life due to poor decision making skills, and these past experiences motivate me to continue to move forward with a career in the helping field because there were many professionals that assisted me with my transition from my past life to the person I am today. Even though I have an extended criminal history, my desire to assist others is genuine, from the heart, and is what I know that I am destined to do with the rest of my life.

Addiction is by no means an excuse for the poor choices that I made during these times in my life. I take full responsibility for my actions and have learned many life lessons. I am able to have my record sealed as of 2014 and I am actually in the process of gathering all of the needed documents in order to get this accomplished. I have no arrests on my record since

October 19, 2009 and I have no open cases. I would like to ask you to consider accepting me as an applicant for Social Work Licensure based on who I am today, not on the choices I have made in the past. I believe that I can make a difference in a lot of lives and be an asset to the Social Work profession.

Thank you,

This is an outline of my criminal history to the best of my ability. I also ran online background checks in order to get more detailed information. I was arrested in June or July of 2006 for a probation violation and was sent to prison. I was released January 18, 2007 and completed parole in July of 2007. I relapsed soon afterwards.

There are other arrests for Reno, NV which I could not find online during my searches, but from 2003-2006 there are multiple charges of soliciting and loitering for purpose of prostitution, jaywalking, trespassing, and possession of paraphernalia as well as my felony for possession of controlled substance which I was sentenced to probation and arrested on 2-3 times during this time. All of these charges resulted in jail time; I am sure, but not certain.. On some of these charges, I am not sure what the exact sentence was, but it was mostly jail time. So I put *Jail time? (Not sure)*. I hope this is OK.

November 11, 1997 (disposition date)

(Background check says guilty plea, but the charges were
dropped) not sure why this is wrong...

Again, due to my extensive drug history along with an extensive criminal history, it is very hard for me to remember what my sentence was to most of the offenses. Also, as I mentioned earlier, anything I left out was simply forgotten, not an attempt to hide anything. Also, I got off probation in 2007 and being that my conviction was a class E felony, it is possible to have my record sealed after 7 years. I am looking into this as of now.

I celebrated 7 years of continuous sobriety on October 20, 2016 and I have no arrests in those 6 years.

Thank You,

NV BOARD OF EXAMINERS
FOR SOCIAL WORKERS

Dear Board of Examiners for Social Workers,

This statement is to let you know a little more about me as a human being with hopes that you will consider me as fit to obtain a license and practice social work.

October 20, 2009 was the last time I have been arrested. After a long bout of guilt, shame, remorse, and living a demoralizing lifestyle, I had hit my bottom. On this date, I begged the judge to keep me in jail until a bed opened at a rehabilitation center. I entered The Salvation Army Adult Rehabilitation Center on November 9, 2009 and I have been clean, sober, and arrest free since then. I know that I have made many mistakes and I have a lengthy criminal history, however, that is not the person I am today. I must say that experiencing those difficult times and overcoming many barriers has made me a very resilient person with drive, perseverance, humility, loyalty, and integrity. I have faith in my skill set and the knowledge that I obtained throughout the BSW program, I know that I will be a very effective social worker and I know that my past doesn't define me, in fact, it has refined me.

I am asking for mercy from The Board to consider me as fit to practice as a social worker in the state of Nevada. I am asking that you consider the person I am today and what I have to offer to clients that I would love the opportunity to serve and not hold my past mistakes against me. I feel as if I have paid my debt to society by continuing to make 'living amends' such as: being a productive (and tax paying) member of society, practicing the principles of the 12-Steps of AA, NA and Celebrate Recovery in all areas of my life, attending college and obtaining a higher education, continued self-care, holding a steady job for 8 straight years, being a loyal wife of 5 years, and I purchased my own home as of January 2017. I also do volunteer work with women in Salvation Army rehabilitation center and with at-risk youth in the community. I am currently pursuing a Master's Degree in Public Administration and will be taking the exam to become Certified Drug and Alcohol Counselor soon.

I am dedicated to advocating for those who can't be heard, standing up for human rights and social justice, and assisting individuals to discover that they matter and that they can overcome barriers. My desire to be a social worker comes from the heart. I put myself through college to obtain my BSW and I graduated cum laude. As a 43-year-old woman in lifelong recovery, with 'lived experience'- coupled with education and unmeasurable drive, I am ready to move forward with this new endeavor that my higher power has placed ahead of me. And I know success is on the horizon.

Please be informed that I am inquiring about services to have my record sealed currently. Thank you for your patience and allowing me to submit these documents and my personal statement(s).

Dear Board of Examiners for Social Workers,

Attached you will find all the charges that you requested court certified documents supporting that the matters have been completed, closed or resolved. Some documents were not available, and that information is also included.

To make this easier to navigate, I have added appendices 1-19 (corresponding with the number of each item below). I have also included some of my personal statements in the (***bold and italicized***) additional notes.

1. April 22, 1998
 - a. WRNT Fail to Del Leased Prop.
 - b. WRNT DWLS 3rd degree
 - c. WRNT DWLS 3rd degree
2. July 15, 1998
 - a. WNT Fail to Ret Leased Prop
 - b. WNT DWLS 3rd degree ***These two charges appear to be the same charges listed in #1 as you will see both dates on the court dockets included.***
3. March 2, 2002
 - a. Burglary/ CN: 02F04020X (Records no longer available)
 - b. Petit Larceny/ CN: 02F04020X (Records no longer available)

April 10, 2002

- c. Burglary Auto / CN: 02F06579X (Records no longer available)
 - d. Battery DV/ CN: 02M09207X (Records no longer available). ***During my drug addiction, I continued to remain in abusive relationships. On this occasion, similar to the next, I called the police on my then significant other and both of us were taken to jail. I do not recall the details of this incident, but I do know that on both occasions, it was myself that called 911 and I went to jail both times. I think that I served time for this crime, completed Domestic Violence Classes, and had to pay fines. However, the records are no longer available to confirm my limited account of this charge and its outcome. These behaviors were the result of drug and alcohol addiction coupled with lack of trust, low self-esteem, and impulse decision making. I am currently married and in a healthy relationship with my current husband of 5 years. You will find a copy of my arrest printout in this section to verify that the above cases correspond with the case numbers of the records that are no longer available.***
4. January 18, 2003

I tried all avenues to receive information about the possession of drug paraphernalia charge and was told by the public defender's office that the possession and robbery were dismissed because I plead guilty to the Possession of Cocaine. The public defender stated that they could not release any documents regarding this information and any documents had to be received from the courts. They then stated that the information would be in the 'proceedings' sent from Municipal to District court. The Municipal courts stated that they sent this information to District court, and District court stated that they never received the information and that my information is not available. Again, I explored all avenues to get this information and due to the age of the case and the fact that the courts started an e-filing system during that time (as reported by them) when my information was sent (and lost) it could not be found. They also refused to send me any documentation of these facts in writing and certifying their statement.*)

The first part of the paper discusses the importance of understanding the underlying mechanisms of the observed phenomena. It is argued that a comprehensive understanding of the system requires a detailed analysis of the various factors that influence its behavior. This involves identifying the key variables and their interactions, as well as developing a theoretical framework that can explain the observed patterns.

In the second part, the authors present a series of experiments designed to test the proposed model. These experiments involve manipulating the input variables and observing the resulting output, which is then compared against the predictions of the model. The results show that the model accurately predicts the behavior of the system across a wide range of conditions, providing strong evidence for its validity.

The third part of the paper discusses the implications of the findings for future research and practical applications. It is noted that the results have important implications for the design and optimization of systems, and that further research is needed to explore the full range of possible outcomes. The authors conclude by emphasizing the need for continued research in this area, and the potential for significant advances in the field.

VIOLATION REPORT

September 29, 2005

TO THE HONORABLE BRENT ADAMS
SECOND JUDICIAL DISTRICT COURT
DEPARTMENT VI, RENO, NEVADA

NAME: GRIGSBY, CATRINA RAMONA
FILE #: R06-0129
CC #: CR05-0969
SUPERVISION GRANT: 8/10/2005
EXPIRATION: 8/10/2007

CRIME: POSSESSION OF A CONTROLLED SUBSTANCE (CATEGORY E FELONY)
SENTENCE: 12-32 MONTHS NDOC, SUSPENDED, PROBATION NOT TO EXCEED 24 MONTHS, \$25 AAF, \$60 DAF, \$500 PD.

I. VIOLATION:

Rule #2 - Residence: During the last contact on September 6, 2005, Ms. Grigsby reported to be living at *[REDACTED]* El Rancho *[REDACTED]* in Sparks. On September 8, 2005, this Division attempted a Home Contact, only to be advised that the subject had never resided at that residence, and left no forwarding address.

Rule #3 - Intoxicants; Rule #8 - Laws and Conduct; Rule #12 - Special Conditions #3 (No Alcohol): On September 25, 2005, Ms. Grigsby was arrested by the Reno Police Department for Hitchhiking and on a Probation Hold (RPD case #05-39372). The subject was placed into custody in the Washoe County Jail. The subject appeared in Reno Municipal Court on September 26, 2005 and received credit for time served on the new charges.

On September 29, 2005, the undersigned officer made contact with the subject who stated she had consumed one alcoholic beverage on the night of her arrest and she signed a written admission.

Rule #10 - Employment/Program; Special Conditions #4 (Maintain Stated Employment): Ms. Grigsby was not employed at the time of the last contact with this Division, therefore, the subject's current employment status is unknown to this Division.

Rule #11 - Supervision Fees: Ms. Grigsby has failed to pay monthly supervision fees in the amount of \$30.00 as mandated by the Nevada Revised Statutes to defray the cost of supervision. She is currently \$60.00 in arrears towards this obligation.

Rule #12 - Special Conditions #2 (Substance Abuse Evaluation): To date, Ms. Grigsby has failed to provide any verification of successfully completing a substance abuse evaluation.

II. RESPONSE TO SUPERVISION:

Ms. Grigsby was released from Washoe County Jail on September 6, 2005, and she reported as directed to the Division. Only two days later, the Division found that she was not staying at her listed residence and she told the undersigned officer that she was going to enroll into an inpatient substance abuse program, but Ms. Grigsby never made contact with the counseling program. Due to Ms. Grigsby's obvious problems with alcohol and controlled substances, the Division believes that the subject would benefit from successfully completing an inpatient substance abuse treatment program. It should be noted that Ms. Grigsby requested that she remain in custody until a bed date opens in an inpatient substance abuse program.

III. WHEREABOUTS AND AVAILABILITY:

A Hold was placed on September 25, 2005. The subject is in custody in the Washoe County Jail.

As of September 29, 2005 credit time served is 105 days.

IV. RECOMMENDATION:

It is recommended that the subject appear before the court and that her probation be modified as follows:

#5- It is recommended that the subject remain in custody until transported directly to an inpatient substance abuse program and successfully complete that program.

20 and defense strategies with my counsel. I understand that I have the
21 right to appeal from adverse rulings on pretrial motions only if the
22 State and the Court consent to my right to appeal. In the absence of
23 such an agreement, I understand that any substantive or procedural
24 pretrial issue or issues which could have been raised at trial are
25 waived by my plea.

26 ///

1 6. I understand that the consequences of my plea of guilty
2 are that I may be imprisoned for a period of 1 to 4 years in the
3 Nevada State Department of Corrections and that I am eligible for
4 probation. I may also be fined up to \$5,000.00.

5 7. In exchange for my plea of guilty, the State, my
6 counsel and I have agreed to recommend the following: The State will
7 concur with the recommendation of the Division of Parole and
8 Probation.

9 8. I understand that, even though the State and I have
10 reached this plea agreement, the State is reserving the right to
11 present arguments, facts, and/or witnesses at sentencing in support
12 of the plea agreement.

13 9. Where applicable, I additionally understand and agree
14 that I will be responsible for the repayment of any costs incurred by
15 the State or County in securing my return to this jurisdiction.

16 10. I understand that the State, at their discretion, is
17 entitled to either withdraw from this agreement and proceed with the
18 prosecution of the original charges or be free to argue for an
19 appropriate sentence at the time of sentencing if I fail to appear at
20 any scheduled proceeding in this matter OR if prior to the date of my
21 sentencing I am arrested in any jurisdiction for a violation of law
22 OR if I have misrepresented my prior criminal history. I represent
23 that I do have a prior criminal record. I understand and agree that
24 the occurrence of any of these acts constitutes a material breach of
25 my plea agreement with the State. I further understand and agree
26 that by the execution of this agreement, I am waiving any right I may

1 have to remand this matter to Justice Court should I later withdraw
2 my plea.

3 11. I understand and agree that pursuant to the terms of
4 the plea agreement stated herein, any counts which are to be
5 dismissed and any other cases charged or uncharged which are either
6 to be dismissed or not pursued by the State, may be considered by the
7 court at the time of my sentencing.

8 12. I understand that the Court is not bound by the
9 agreement of the parties and that the matter of sentencing is to be
10 determined solely by the Court. I have discussed the charge(s), the
11 facts and the possible defenses with my attorney. All of the
12 foregoing rights, waiver of rights, elements, possible penalties, and
13 consequences, have been carefully explained to me by my attorney. I
14 am satisfied with my counsel's advice and representation leading to
15 this resolution of my case. I am aware that if I am not satisfied
16 with my counsel I should advise the Court at this time. I believe
17 that entering my plea is in my best interest and that going to trial
18 is not in my best interest.

19 13. I understand that this plea and resulting conviction
20 may have adverse effects upon my residency in this country if I am
21 not a U. S. Citizen.

22 14. I offer my plea freely, voluntarily, knowingly and
23 with full understanding of all matters set forth in the Information
24 and in this Plea Memorandum. I understand everything contained
25 within this Memorandum.

26 ///

1 15. My plea of guilty is voluntary, is not the result of
2 any threats, coercion or promises of leniency.

3 16. I am signing this Plea Memorandum voluntarily with
4 advice of counsel, under no duress, coercion, or promises of
5 leniency.

SENTENCE: 12-32 MONTHS NEVADA DEPARTMENT OF CORRECTIONS, SUSPENDED SENTENCE,
PROBATION NOT TO EXCEED 2 YEARS, \$25 ADMINISTRATIVE ASSESSMENT FEE, \$60
DRUG ANALYSIS FEE, \$500 PUBLIC DEFENDER

I. VIOLATION:

Rule #1-Reporting: Ms. Grigsby was scheduled to report in person to the Division of Parole and Probation on March 2, 2006. The subject did not appear for the scheduled appointment and has not reported since the last contact on February 2, 2006.

Rule # 2-Residence; Rule #12 Special Condition #2-Participate in a Counseling Program until Discharged by Counselor and Supervising Officer: During the last contact on February 2, 2006, Ms. Grigsby reported to be living at Bristlecone Transitional Living at 480 Galletti Way, Sparks, Nevada. On March 2, 2006, this Division placed a telephone call to Bristlecone to verify Ms. Grigsby was still residing in transitional living. On March 3, 2006 a Bristlecone representative left a message stating that Ms. Grigsby was not discharged, but left the program on January 11, 2006 leaving no forwarding address. He further stated that he did not think she was doing very well as he had seen her recently on 4th Street, possibly using controlled substances.

Rule #10-Employment/Program; Rule #12 Special Condition #4-Maintain Steady and Gainful Employment: On February 2, 2006, Ms. Grigsby reported to be employed by Integrity Staffing. According to the employer, the subject last worked on February 7, 2006. Ms. Grigsby was terminated after four days of not calling or reporting to work. The subject's current employment status is unknown to this Division.

Rule #11 Supervision Fees: Ms. Grigsby has failed to pay monthly supervision fees in the amount of \$30 as mandated by Nevada Revised Statutes to defray the cost of supervision. She is currently \$210.00 in arrears toward this obligation.

II. RESPONSE TO SUPERVISION:

Ms. Grigsby appeared to be in compliance with her probation conditions while participating in an inpatient substance abuse program, however upon successful completion of the program she was moved into transitional living and has since absconded supervision. Ms. Grigsby is well aware of the requirements placed on her by the Court and this Division, but she has chosen to ignore those requirements. Considering the above violations, especially her absconding supervision, the Division does not deem Ms. Grigsby fit for any continued community supervision.

III. WHEREABOUTS AND AVAILABILITY:

The subject is considered to be an absconder. As of March 21, 2006, credit for time served is 155 days.

IV. RECOMMENDATION:

It is recommended that a Bench Warrant be issued and the subject's probation be revoked.

RE: Catrina Grigsby-Thedford

To Whom It May Concern,

It is my privilege to write this letter of reference for Catrina Grigsby-Thedford to be granted permission to apply for licensure as a Social Worker.

I have had the pleasure of knowing Catrina for the past eight years. When I first met Catrina in 2009, she was a client of The Salvation Army Adult Rehabilitation Center and I was an employee. She was very open to the process of recovery and took the idea of obtaining new way life very seriously. Catrina completed the 6-month program with no issues and has continued to grow into a magnificent woman in long term recovery. I have been Catrina's supervisor at The Salvation Army Veteran Services for the past four years; however, we have worked side by side for the past seven years in multiple capacities. Catrina has shown to be outgoing, persistent, knowledgeable, dependable and trustworthy. She is always eager to learn new things. Catrina's professional strengths such as superior communication, listening, problem-solving, time-management, and evaluation abilities are extraordinary. She possesses exceptional organizational and people skills. Catrina works tirelessly to meet the deadlines, yet has an incredible ability to keeps calm under pressure. Catrina has always been an absolute joy to work with. She is a true team player, and always manages to foster positive discussions and bring the best out of other employees. Her personal qualities such as honesty, kindness, and compassion are always showing in everything she does.

Catrina has a strong reputation in our local community. She regularly attends 12-step meetings for self-care, she is a regular volunteer at The Salvation Army Adult Rehabilitation Center, Real Talk Youth Impact Program, and several other agencies. She has been recognized for her outstanding community service on numerous occasions. I believe she would be a valuable addition to Nevada as a Licensed Social Worker.

All the attributes listed above coupled with her education and resiliency, as Catrina's supervisor at The Salvation Army Veteran Services, I would recommend without reservations that Catrina Grigsby-Thedford to be considered for admission to take the exam for Social Work Licensure.

Please feel free to contact me should you like to discuss further. I would be happy to expand on my recommendation.

Sincerely,

Dear State of Nevada Board of Examiners for Social Workers,

It is my pleasure to write a letter of recommendation for Social Work licensure for Catrina Grigsby-Thedford.

Catrina completed her BSW practicum in the Spring of 2017 with the Nevada Homeless Alliance, where I served as her Agency Field Instructor. Catrina has consistently demonstrated strong professional and ethical conduct. She is trusted and valued for her judgement and integrity. She excelled at meeting all learning competencies during her practicum.

Catrina is an upstanding professional and I look forward to opportunities to work with her as a licensed social worker.

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million.

There are a number of reasons for this. First, the world population has increased from 5 billion in 1987 to 6 billion in 1999, and is projected to reach 8 billion by 2025. Second, the world population is ageing, and the elderly are more likely to be undernourished than the young.

Third, the world population is becoming more urban, and the urban population is more likely to be undernourished than the rural population. Fourth, the world population is becoming more educated, and the educated population is more likely to be undernourished than the uneducated population.

Fifth, the world population is becoming more mobile, and the mobile population is more likely to be undernourished than the stationary population. Sixth, the world population is becoming more diverse, and the diverse population is more likely to be undernourished than the homogeneous population.

Seventh, the world population is becoming more affluent, and the affluent population is more likely to be undernourished than the poor population. Eighth, the world population is becoming more developed, and the developed population is more likely to be undernourished than the developing population.

Ninth, the world population is becoming more industrialized, and the industrialized population is more likely to be undernourished than the non-industrialized population. Tenth, the world population is becoming more urbanized, and the urbanized population is more likely to be undernourished than the rural population.

Eleventh, the world population is becoming more educated, and the educated population is more likely to be undernourished than the uneducated population. Twelfth, the world population is becoming more mobile, and the mobile population is more likely to be undernourished than the stationary population.

To Whom It May Concern:

I have enclosed all of my past convictions; "possession of less than one ounce of Marijuana" in 2009, "driving under the influence of alcohol" in 2008, "operating motor vehicle under the influence of alcohol or drugs" in 2000, "possession of marijuana" in 1999, "driving under the influence of alcohol" in 1998 and "criminal trespass" in 1996.

I have undergone drug and alcohol abuse rehabilitation as evidenced by a letter from Don Huggins, Ed. D on January 15, 2009. I have been in recovery and abstinent from alcohol and drugs since 05/13/09 – shortly after my last arrest. I attend community based recovery meetings and have a close-knit support group. I am grateful I was able to get out of the life I used to live and now I guard my credibility as a counselor. Thank you for this opportunity.

To Whom It May Concern:

I am addressing my desire to move forward with my LSW and want to explain my past criminal history and do so of my own free will. My criminal history is directly related to my time as a practicing alcohol and drug abuser. I address the circumstances of each offense below.

4/27/1996 – I was arrested for criminal trespass and possession of marijuana by the Ocean City Police Department. The charge of trespass was dropped because I was in a friend's house smoking marijuana and the friend did not press charges. The offense was a misdemeanor and I paid all associated fines. My New Jersey driver's license was suspended for 6 months. A fine was paid and the case was closed.

12/22/1997 – I was arrested for possession of a marijuana pipe but the charges were dropped as Henderson Police Department violated my Fourth Amendment rights.

8/26/1999 – I was arrested for a misdemeanor offense of possession/under 50 grams of marijuana by the Egg Harbor, NJ police department. I paid all applicable fines and the case was closed.

6/10/2008 – I was arrested by the Napa Valley Sheriff Department for A DUI of .10% BAC. I paid all fines and was on unsupervised probation. The case was closed. This case is also related to my 2008 voluntary surrender of my BEADGC license. I reinstated that license in 2011 after abiding by all the requirements from that board including being clean for the 2-year requirement from all substances.

I have been active in community-based support groups for the past 10+ years and practice a consistent program of recovery. I recently passed the test for my LADC and am awaiting my credential. I feel as though all my past experiences have allowed me to have a greater level of empathy and understanding towards persons experiencing similar struggles thus improving my effectiveness as a counselor and social worker. I am humbled every day and feel extremely fortunate to get the opportunity to help others daily.

Sincerely,

Daniel Hight, MSW

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million (FAO 2001). The number of people who are obese has increased from 100 million in 1975 to 300 million in 2000 (WHO 2000).

Obesity is a complex condition, with many causes and consequences. It is a leading cause of death and disability in the world, and is associated with a number of chronic diseases, including heart disease, diabetes, and cancer. Obesity is also a major public health problem, as it is a leading cause of preventable death and disability. The World Health Organization (WHO) estimates that obesity is responsible for 10% of all deaths in the world (WHO 2000).

COMMENTS:

Deputy District Attorney
Word,file,new,1ST OFFENSE DUI form.dot revised 11/04

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million.

There are a number of reasons why the world's population is still hungry. First, the world's population is growing rapidly. In 1990, the world's population was 5.3 billion. By 2000, it had grown to 6.1 billion. By 2010, it is expected to reach 7.1 billion. This means that there are more people in the world than ever before, and this puts a strain on the world's food supply.

Second, the world's food supply is not growing fast enough to keep up with the growing population. This is because the world's agricultural production is not growing fast enough. This is due to a number of factors, including the fact that the world's agricultural land is being used less and less efficiently.

Third, the world's food supply is not distributed evenly. This means that some people have more food than others. This is because the world's food supply is not distributed evenly. This is due to a number of factors, including the fact that the world's food supply is not distributed evenly.

Fourth, the world's food supply is not of high enough quality. This means that some people are not getting the nutrients they need to stay healthy. This is because the world's food supply is not of high enough quality. This is due to a number of factors, including the fact that the world's food supply is not of high enough quality.

Fifth, the world's food supply is not of high enough quantity. This means that some people are not getting enough food to eat. This is because the world's food supply is not of high enough quantity. This is due to a number of factors, including the fact that the world's food supply is not of high enough quantity.

Sixth, the world's food supply is not of high enough variety. This means that some people are not getting the variety of food they need to stay healthy. This is because the world's food supply is not of high enough variety. This is due to a number of factors, including the fact that the world's food supply is not of high enough variety.

Seventh, the world's food supply is not of high enough safety. This means that some people are not getting food that is safe to eat. This is because the world's food supply is not of high enough safety. This is due to a number of factors, including the fact that the world's food supply is not of high enough safety.

Eighth, the world's food supply is not of high enough value. This means that some people are not getting food that is worth the money they are spending on it. This is because the world's food supply is not of high enough value. This is due to a number of factors, including the fact that the world's food supply is not of high enough value.

*** End of Report ***			

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million (1990–1999) (Office of National Statistics 2000).

There is a growing awareness of the need to improve the health of older people, and the need to ensure that the health care system is able to meet the needs of this population. The Department of Health (2000) has set out a vision for the future of health care for older people, and has identified a number of key areas for action. One of the key areas is the need to improve the health of older people, and to ensure that they are able to live as independently as possible. This paper will discuss the need to improve the health of older people, and will outline some of the key areas for action.

The need to improve the health of older people is driven by a number of factors. One of the main factors is the increasing number of people who are aged 65 and over. In the UK, the number of people aged 65 and over is expected to increase from 5.5 million in 1999 to 7.5 million in 2019 (Office of National Statistics 2000). This increase is driven by a number of factors, including the fact that people are living longer, and the fact that the number of people who are aged 65 and over is increasing.

Another factor is the increasing number of people who are living with long-term conditions. In the UK, the number of people who are living with long-term conditions is expected to increase from 10 million in 1999 to 15 million in 2019 (Office of National Statistics 2000). This increase is driven by a number of factors, including the fact that people are living longer, and the fact that the number of people who are living with long-term conditions is increasing.

A third factor is the increasing number of people who are living in care homes. In the UK, the number of people who are living in care homes is expected to increase from 1.5 million in 1999 to 2.5 million in 2019 (Office of National Statistics 2000). This increase is driven by a number of factors, including the fact that people are living longer, and the fact that the number of people who are living in care homes is increasing.

The need to improve the health of older people is also driven by the fact that older people are more likely to be living with long-term conditions, and are more likely to be living in care homes. This means that older people are more likely to need health care, and are more likely to need support. This is why it is important to improve the health of older people, and to ensure that they are able to live as independently as possible.

There are a number of key areas for action that need to be taken in order to improve the health of older people. One of the key areas is the need to improve the health of older people, and to ensure that they are able to live as independently as possible. This can be done by a number of ways, including by providing health care, and by providing support.

Another key area is the need to ensure that the health care system is able to meet the needs of older people. This can be done by a number of ways, including by providing health care, and by providing support. This is why it is important to improve the health of older people, and to ensure that they are able to live as independently as possible.

To Whom It May Concern:

This letter is to inform you that I was a Certified Alcohol and Drug Abuse Counselor and I received a driving while intoxicated charge as well as a possession of marijuana charge, which resulted in me surrendering my license. I received the DUI in 2008 (see enclosed report) and the possession charge in 2009. I reapplied for my Certified Alcohol and Drug counselor certificate in 2012 and it has been in good standing ever since.

After I received my DUI, I underwent counseling as mandated by the board. I participated in drug testing and I did well. I relapsed on marijuana and that is when I surrendered my license. I have now been clean and sober for the past 8 years and I attend community based support group meetings regularly and have a close-knit support system. Thank you for this opportunity.

Sincerely,

the 1990s, the number of people in the world who are undernourished has increased from 250 million to 800 million (FAO 1996).

There are a number of reasons why the world's population is becoming increasingly undernourished. First, the world's population is growing rapidly, and the number of mouths to feed is increasing. Second, the world's food production is not keeping pace with the growing population. Third, the world's food distribution is highly unequal, with the richest countries consuming the most food and the poorest countries consuming the least. Fourth, the world's food production is becoming increasingly dependent on fossil fuels, which are becoming increasingly scarce and expensive. Fifth, the world's food production is becoming increasingly dependent on a few large agribusinesses, which are often more concerned with profit than with food security.

There are a number of ways in which the world's food production and distribution can be improved. First, the world's food production can be increased by using more efficient agricultural practices. Second, the world's food production can be increased by using more land for agriculture. Third, the world's food production can be increased by using more water for agriculture. Fourth, the world's food production can be increased by using more fertilizer. Fifth, the world's food production can be increased by using more pesticides. Sixth, the world's food production can be increased by using more genetic engineering.

There are a number of ways in which the world's food distribution can be improved. First, the world's food distribution can be improved by increasing the number of people who are involved in food production and distribution. Second, the world's food distribution can be improved by increasing the number of people who are involved in food processing and distribution. Third, the world's food distribution can be improved by increasing the number of people who are involved in food retail and distribution. Fourth, the world's food distribution can be improved by increasing the number of people who are involved in food service and distribution.

Treatment Progress Report

Patient: **Hight, Daniel**

DOB: [REDACTED]

Case Number: FT2008-12

Mr. Daniel Hight was first seen on July 22, 2008 for the purpose of mapping out a plan of treatment for alcohol abuse, pursuant to his Agreement for Probation with the Nevada State Board of Examiners for Alcohol, Drug, and Gambling Counselors. He has attended weekly individual treatment sessions since that initial date and has submitted to six random tests for alcohol and drugs using a breath alcohol test and a 10-panel laboratory test for drugs. Each of these tests was negative for drugs and alcohol.

Mr. Hight has taken the Board's directive seriously. He has participated fully in this six-month course of counseling. His strategies for preventing relapse have included changing elements of his primary relationship and renewing his commitment to advancing both his career and his schooling. There is significant positive change in how he talks about himself and his potential. He is more intentional about his actions and relationships. He now handles stressors adequately without turning to alcohol. He continues to appear to be highly motivated to prevent alcohol or drug abuse. I believe he is not in need of continued aftercare or counseling.

I recommend the Board accept his six month course of counseling as sufficient to satisfy the requirements of his Agreement for Probation dated July 26, 2008.

Sincerely,

Don W. Huggins, Ed.D.

RE: Mr. Dan Hight

Dear Ms. Wendy,

This letter is written at the request of Mr. Dan Hight as stipulated as a condition of his license to practice as a Certified Drug and Alcohol Counselor Intern in Nevada. Signed consent for the release of this information is on file with me.

Mr. Hight has demonstrated much accommodation to the circumstances that found him ailing in back in June of this year. As stipulated by the Board, he has followed through with Dr. Don Huggins, MFT, LADC for the past 6 months for counseling. The report from Dr. Huggins indicates that Dan has worked diligently and sincerely in addressing both his use of alcohol and areas of his life likely to precipitate relapse. I know and have worked with Dr. Huggins in the past and trust without question both his review of the situation and his recommendations. As with many supervisory roles, I have tried to limit, in some regards, my role in Dan's life to that of a work and intern supervisor. Thus I will report that Dan's work continues to be good with a noticeable recommitment of his energies to this field.

I would like to let you know of my intention to cease supervision of Mr. Hight due to my work load and my inability to accommodate him right now. His new supervisor is Ms. Lynn Dyas, MFT, LADC and she has been briefed as to reporting expectations in the future.

I hope that the Board members find this report adequate. If I can be of any further assistance in this matter please feel free to contact me at (775) 954-1400, ext 121.

Sincerely,

Item 7D Action Item: Review, Discussion and for Possible Action, Presentation by Albertson Consulting Company regarding software contract for initiation of online licensing process.

Background Information: Per legislative requirements, the Board has been ordered to engage in a process of online licensing. The Board has saved the money necessary to contract for this services and previously reviewed several vendors for this contract. The previously identified contractors were ultimately not chosen and today the Board will be considering a new vendor. A review of other Boards revealed that the majority of Boards are currently completing renewals through an online process but continue to use paper applications for initial licensing. The greatest volume our Board faces is with renewals and the proposal from Albertson Consulting is targeting renewals as the first area of focus. The cost of the initial project will come in under

the fiscal requirement for a formal RPF process. This contract can be added to in the future to include initial licensing and other activities that the Board identifies.

REGULAR AGENDA

Erickson stated that Item 5 will be discussed next.

4. Disciplinary Matters

A. * (For Possible Action) Review, Discussion and for Possible Action, Recommendation to Dismiss Disciplinary Case Numbers: **G12-19, G13-08, G14-01, G14-04, G14-20, G15-23, G17-10, G17-13 and G17-22.**

Frakes suggested board members take a few minutes to review the disciplinary dismissal table. **Harris** asked for clarification on how complaints are handled. **Frakes** explained the complaint process. **Nielsen** made a motion to approve the dismissal of cases **G12-19, G13-08, G14-01, G14-04, G14-20, G15-23, G17-10, G17-13 and G17-22** and **Maplethorpe** seconded. Motion carried without objection.

B. Review and Discussion, Redacted Disciplinary Report. **Lowery** summarized the information provided in the detailed table of complaints received. Dismissal of the nine complaints brings the total of open cases to 76. The Board had requested that **Frakes** clear as many of the Level 1 accusations by the end of 2017 as possible. **Lowery** pointed out that **Frakes** sent 10 secondary requests for information were sent for information required in order to close the cases. **Frakes** spent a lot of time working on the requests, as well as preparing the cases for the three complaints that are going to hearing. **Lowery** stated that they were unable to clear as many cases as they had hoped and **Frakes** is continuing to work on the open cases. **Harris** asked about the timeframe for people to respond to complaints. **Frakes** said that 14 days is the minimum allowed by NRS to send certified letters although it seems people are too busy to pick up certified mail. **Frakes** has also observed, and heard others comment, that there seem to be issues with the Las Vegas area. **Frakes** stated that she has been able to reach a lot of people via cell phone, and they are responding to the notices sent via regular mail. Hopefully there will be some more cases to move along by February.

Lowery reported that there are three versions of the disciplinary report. The first table is by case order and case number. The second table is based on accusation ratings. Currently there are 24 Level 1 accusations with five being removed. There are 36 Level 3 accusations with four being removed. There are 26 Level 3 accusations and three of those are now going to hearing. The third table is sorted to show

multiple complaints against the same licensee. The blue and gold shaded sections indicate multiple complaints. **Frakes** plans to work on those cases next. **Harris** asked if multiple complaints against the same licensee are investigated differently from individual complaints. **Frakes** responded that sometimes multiple complaints against one licensee can be used as leverage to settle the most serious complaint. The Board tries to avoid taking complaints to hearing as that is costly and time consuming. Agreeing to settlement of a case can be as effective, since the Board can take a licensee's license or other sanctions can be imposed to protect the public. **Harris** inquired as to whether there is information she can review on the complaint process and types of sanctions imposed. **Frakes** suggested **Harris** review the information found on the Board's website and call her with any questions. **Frakes** said she could also scan some consent decrees that are public information and hearings during which licenses were revoked and send them to **Harris**. **Rasul** observed that there is the possibility of settlement for any case and the accused licensee often agrees to avoid a long and expensive process. Usually, if a case goes to hearing it is because the Board has reached an impasse or the accused licensee believes they haven't done anything wrong. **Lowery** stated that she will contact **Harris** to go through orientation and at that time she will be able to answer many of **Harris's** questions.

5. Licensure, Application and Internship Issues

A. * (For Possible Action) Review, Discussion and for Possible Action, Application for licensure by Jaime Maldonado.

Frakes summarized Jaime Maldonado's application for licensure and related correspondence. She suggested board members be allowed to take a few minutes to review the information provided and **Erickson** agreed. **Frakes** stated that she would answer any questions regarding the application process and suggested that Mr. Maldonado be allowed to address the Board and answer questions. Mr. Maldonado read his statement to the Board. **Erickson** inquired as to whether Mr. Maldonado meets the Nevada requirements for licensure as a licensed clinical social worker. **Frakes** replied that he does. **Erickson** thanked Mr. Maldonado for appearing before the Board. **Harris** made a motion that Mr. Maldonado's application be approved. **Maplethorpe** seconded. The motion passed without objection. **Erickson** congratulated Mr. Maldonado on the approval of his application. **Frakes** stated that Mr. Maldonado's application will be processed within approximately seven to ten days.

6. Deputy Attorney General Report

A. Review and Discussion, Senior Deputy Attorney General Report.

Rasul stated that she doesn't have much to add, other than she is currently working on a formal complaint regarding three cases that may or may not go to hearing. **Frakes** commented that sometimes when a licensee sees how much work has been put into investigating a complaint, they decide to settle rather than going to hearing. **Frakes** left the meeting at about 11:00 a.m.

7. Legislative and Regulatory Issues

A. * (For Possible Action) Review, Discussion and for Possible Action, Review of Hearing for the Adoption of Regulations regarding R110-17 held on 12/15/2017.

Lowery stated that the referenced Regulations were approved at the Board's hearing on 12/15/17 and are now noted in these Minutes. No additional action is required.

B. * (For Possible Action) Review, discussion and for Possible Action, Update on regulation change process and next step(s) to be taken.

Lowery said this is a duplicate of hearing file, so she won't read it all again. Three quarters of the steps required for regulation change approval have been taken. The last step is to send materials regarding the regulation changes to the Legislative Commission and they will vote to accept the regulation changes. Her goal is to send the documentation to the Legislative Commission by the end of next week.

C. Review and Discussion, Update on Behavioral Commission meeting on November 17, 2017, and Interim Legislative Session.

Lowery reported that AB 457 required that the Board submit to the Commission on Behavioral Health the language for regulation changes which we did on October 4, 2017. Per AB 457 they were supposed to review our regulation changes. She was told by Eddie Abelser at the Division of Behavioral and Public Health that the Commission wasn't going to review any regulation changes until after the first of the year. **Lowery** asked for written confirmation and requested that it be put on the next Commission on Behavioral Health meeting agenda so that the Board could show that it attempted to comply with AB 457 and the Commission elected not to hear the regulation.

The agenda is included in the Board members' packets. The Social Work Board was two items, one regarding regulations. The other item came out of the Commission's September meeting. They invited the Boards to present information to the Commission regarding licensing renewal volumes, denials and appeals, disciplinary case volume, our perspectives on submitting regulations simultaneously to the LCB and Commission and our thoughts and processes for managing the stipulations of AB 457. Our lobbyist, Paula Berkley, and I were to meet with Amy Roukie, the division head but she was out of town. Instead we met with Mr. Abelser.

Lowery referred to the members' packets in which the Board's recommendations regarding the process of rules and practice are shown in red. The second item provided is a flowchart showing the step-by-step licensing process. Lastly, the Board gave them the data they asked for, including applications received. In 2015 the Board received 380 applications, in 2016 423, and through the end of October, 2017 481. Over 100 additional applications have been received since October so the total will be more than 481. The report shows how many were granted, endorsed, denied, or required additional review.

Files require a second review if the applicant has a legal history or sanctions. Out of 481 applications in 2017, 13 were put through an additional review. The majority of those will proceed to licensure. It is rare that they are brought to the Board for approval. First **Frakes** reviews the legal history and then presents information to the Board President (**Erickson**) and **Frakes** and **Erickson** will determine whether the applicant can be licensed. If there is any question, then it will come before the Board.

Harris asked for clarification of the "new" and "renewal" and whether "licensees" and "applicants" should equal the total shown on the table. **Lowery** explained the difference and commented that the table was designed to meet the requirements of the Commission. She stated that to date there are 2,867 licensees and they renew every year. "Applications received" are new applications for licensure. **Lowery** said the reason the Commission asked for these figures was so they could estimate how many cases they will have to review on appeal due to AB457. In the last three years the Board has denied five license applications out of approximately 1,100 and those would be the only individuals who would potentially appeal. **Lowery** explained that if an application is denied it is usually because the applicant doesn't meet the licensing requirements. There haven't been any applications denied in the last 10 years due to a legal history.

The Commission also asked for disciplinary cases filed, closed, and ones that went to settlement or hearing. We still have an unacceptable number of open cases, which why **Frakes** is working exclusively on

disciplinary cases. In 2015 there were 23 cases opened and half have been closed. There are still 20 that are open. Out of those cases only one has gone to settlement or hearing. This means that the Commission would have potentially had to review one case over the last three years. **Harris** asked what the expectation is for handling cases. **Lowery** replied that, for the most part, cases should be moved through within 90 days. Since **Frakes** shifted her role 89 cases have been cleared. **Maplethorpe** asked what the goal is for the near future. **Frakes'** goal is to reduce the cases to under 30, and only current cases by June 30, 2018, when she retires. **Rasul** asked what **Lowery** meant when she said cases should be cleared within 90 days. **Lowery** said that cases should be initiated, notified, received, reviewed with **Rasul**, and dismissed if possible. **Rasul** commented that it can't be predicted which cases will be dismissed. Something can start out as a low level case and then as investigated can turn into a higher level case. **Lowery** replied that the 90 days is just a goal. The Commission was pleased with the Board's presentation.

Nielsen expressed concern that easier cases are being cleared first, possibly causing more serious cases to be delayed. **Lowery** replied that Wayne Springmeyer (**Springmeyer**) focuses on the level 1 cases, and **Frakes** is focusing on the level 2 and 3 cases. The case that was sent to **Rasul** was complicated and included voluminous paperwork. That type of case takes up a lot of time. Efforts are being made to clear out the level 1 cases to reduce the total number of open cases because of the legislature's concerns. **Nielsen** commented that it is good that all levels of cases are being pursued.

8. Board Operations

A. Review, Discussion and for Possible Action, **Meeting Minutes**

i. ** (For Possible Action)* Review, Discussion and for Possible Action, Approval of the October 29, 2017, Board Meeting Minutes;

Lowery asked if a vote could be taken since **Nielsen** and **Harris** did not attend the meeting. **Rasul** replied that the Board can vote since there is a quorum today. **Erickson** made a motion to approve the October 29, 2017 Board Meeting Minutes, **Maplethorpe** seconded. **Nielsen** and **Harris** recused themselves from the vote since they weren't at the meeting. Motion carried without objection.

Lowery mentioned to **Harris** the Board minutes are fairly detailed, so she will be able to pick up a lot of information from reading past minutes.

B. ** (For Possible Action)* Review, Discussion and for Possible Action, FY2016/2017 Annual Fiscal Audit

Lowery stated that the Board is required by statute to conduct an external fiscal audit of the Board's finances every year. Colson & Associates is the accounting firm the Board has used for several years to conduct the audit. **Lowery** said that over the last 10 years she has been associated with the Board, the audits have all been clean, including this one. Moinette LaBrie (**LaBrie**) who currently handles the Board's finances, has reviewed the audit in detail and is comfortable with the information presented. The auditor's comments are on the last page and there were no recommendations made for the year ending June 2016 and they did not find any financial weaknesses of a magnitude to justify inclusion within the audit report. The auditors also noted that they did not have any difficulties in getting the information they needed. **Maplethorpe** made a motion to approve the FY2016/2017 Annual Fiscal Audit, **Harris** seconded. Motion was carried without objection.

There was a break in the meeting while technical difficulties with the video equipment were dealt with. The meeting was re-started using telephone communication with the Las Vegas office.

C. * (*For Possible Action*) Review, Discussion and for Possible Action, **Data Reporting Activities**

Lowery stated that before 2016 the Board did not do a lot of data gathering. Due to the legislature's concerns the Board is now required to report on a variety of data.

- i. Report submitted to the Behavioral Commission at November 17, 2017 meeting. The deleted items on this report have been completed.
- ii. Pending data to be submitted to the Legislative Counsel (per SB69) and to the Legislative Committee on Healthcare (per AB457). **Lowery** helped to develop a table for the four behavioral boards to use so information can be submitted in a uniform format. A copy of this table is attached to the Board packets. The Board has been asked to provide all of the items for the last 12 months, and the endorsement data for the last three years.
- iii. Per AB457, the Board must complete and submit an "analysis of the necessity of the costs of the Board, whether the fees charged by the Board are necessary and sufficient to pay for those costs, the Board's compliance with applicable law and the need for revision of the regulation of the Board.

Lowery explained that during the 2015 legislative session, the Board attempted to get an increase in the ceilings for licensing fees and failed. The legislature has invited the Board to provide information in support of the need to increase fee ceilings for social work licensees. The fees were originally determined in 1986. Since 1986 the Board has not increased the ceilings on fees. After about 30 years, the Board has reached the maximum amount that can be charged to licensees. There is one last \$25.00 increase available for LSWs. The Board may not increase fees immediately, but it will have the option to do so if necessary with an increase in the fee ceilings. **Lowery** is working with **LaBrie** regarding future costs in order to prepare a report for submission to the legislature.

D. * (*For Possible Action*) Review, Discussion and for Possible Action, Review of pool of applications submitted for the Executive Director position to determine who the Board would like to bring forward for an interview. Received Open Meeting Law (OML) waivers for each individual.

Lowery reported that the search for candidates began on October 22, 2017. Over 40 applications were received through Indeed.com. A number of applications were also received as a result of the announcement on the Board's website. **Lowery** determined there were five potential suitable candidates and she sent an OML waiver to each via email and certified mail. We received three OML waivers and the Board will be reviewing their applications. The fourth applicant signed the waiver but didn't have it witnessed. The applicants under consideration are:

- i. Dean Estes
- ii. Lindsey Harmon
- iii. Deanna Menesses

The Board's task is to decide if they want to invite any of these candidates to be interviewed. **Harris** asked about the timeline. **Lowery** replied that because the new Board members must attend the Boards and Commissions training in January, there won't be a Board meeting then.

If the Board decides to invite any of the applicants for an interview, this would be scheduled in February. Individuals from the community would be invited to participate in the interview process. **Harris** asked if we are still receiving applications. **Lowery** said we are, and of them, there are a couple of applicants who might be possible. She said if none of these applicants appear suitable, the Board might

have to use a job recruiter. **Rasul** stated that the Board cannot invite members of the community to participate in the interview process. Also, each applicant must be asked the same questions. The Board will work on a list of questions for the applicants. **Lowery** described the materials provided to Board members for each candidate. She mentioned that since Jodi Ussher (**Ussher**) is on vacation, she provided the three applicants' information to her for her review.

Maplethorpe asked **Lowery** about her process for screening candidates. She replied that she matched each applicant's experience to the job duties and requirements set forth in the job announcement. If a candidate did not possess at least a few of the requirements, she screened them out.

Lowery expressed reservations regarding Mr. Estes. He was employed by the Nursing Board until last February and hasn't been employed since then. She was unable to obtain information from the Nursing Board regarding his employment. She also reviewed the minutes for the Nursing Board's last few meetings and did not find any mention of Mr. Estes resigning from his position as Director of Finance and Technology. Her supposition is that if he left voluntarily, there would have been an announcement in the minutes.

Erickson asked if the Board member want to invite any of the candidates for interviews. **Nielsen** commented that she was not impressed by any of the candidates. **Maplethorpe** concurred. **Harris** did not have a chance to review Ms. Harmon's information. She agreed with **Maplethorpe** regarding the other two candidates. She asked if the matter can be tabled to allow more time for review and to hear **Ussher's** comments. **Lowery** replied that **Ussher** thought Mr. Estes' focus on the Nursing Board was too narrow. She thought that Ms. Harmon is worth interviewing because she has some Executive Director experience and alumni relations experience with the university. **Ussher** and **Lowery** observed that Ms. Menesses has experience dealing with boards, which is one thing we haven't seen with other applications. The Texas Health System, Pharmacists, and Search and Educational Foundation is not exactly board related, but it is the closest experience we've seen to somebody who has some understanding of how boards and foundations work.

Board members discussed whether they can interview one or more of the applicants while pursuing other options. **Rasul** stated that typically, inviting a candidate to interview is a final step. **Erickson** suggested notifying the current applicants that the Board is still decided who they want to interview. In the meantime, **Lowery** can continue the search. She asked if the Board wants to engage a recruiter. **Harris** asked if it is in the budget. **Lowery** replied that since an Executive Director won't be hired on January 1st some of the funds set aside for the salary in January could be used for a recruiter. There is about \$5,000.00 to \$6,000.00 available. **Lowery** does not know how much a recruiter will cost. **Harris** asked if the Board members could discuss hiring a recruiter and vote via email since there is no meeting in January. **Lowery** said that isn't possible because of the open meeting law. She suggested she perform some research on recruiters and have **Erickson** approve that expenditure. **Nielsen** asked if increasing the salary for the position would attract better candidates. **Lowery** replied that could be something to ask a recruiter. **Nielsen** commented that she doesn't think any of the current applicants are strong enough to fulfill the position effectively. **Lowery** will contact the three applicants to inform them that the Board will be tabling the interviews until the February meeting.

Harris asked how many staff are employed by the Board and requested an organizational chart. **Lowery** said she will send one. She stated that **Frakes** and **LaBrie** are both retiring on June 20, 2018. The fulltime clerical staff includes Moinette LaBrie, Loni Weaver, and Caroline Rhuys. **Lowery** and **Springmeyer** are part-time. She believes the Board's thought is to retain her services because one person cannot handle disciplinary, licensing, internships, legislative, and everything else. When **Lowery** was retained in November as the internship program coordinator, she took care of the 200+ internships, did all the reports and documentation, and site reviews allowing **Frakes** to focus on disciplinary. **Lowery** believes

that the Board's plan when a fulltime Executive Director is hired, **Lowery** will be involved minimally to do the internship program and probably to assist the Executive Director. There would be three fulltime employees and **Lowery** as a half. **Maplethorpe** asked if **Springmeyer** would stay. **Lowery** replied that once the cases are down, an investigator might not be necessary. With him there, there would be three and three-quarter fulltime employees. The Board will need to determine if they will need more than one fulltime employee to fulfill the Executive Director functions. The Board's current problems were caused by not enough staffing at the top end. It will be at the Board's discretion whether they want to keep **Lowery** at all, for 12 hours per week (which she did for internship coordinator), or for 20 hours per week to do anything the Executive Director doesn't. One responsibility that will go to **Lowery** or the Executive Director are the finances since **LaBrie** is leaving. **Lowery** said she has experience managing finances for entities, so her guess is that she might be taking on that responsibility.

Harris made a motion to approve reviewing applicants for the Executive Director position at the February Board meeting after more applications have been received, and to retain a recruiter. **Maplethorpe** seconded. Motion was carried.

E. * (*For Possible Action*) Review, Discussion and for Possible Action, Election of a new secretary/treasurer for Board. Because of Colleen York's resignation from the Board, a new secretary/treasurer must be appointed. **Lowery** explained that the duties are mainly running a meeting if the president and vice president are absent. **Nielsen** expressed interest in the position. **Maplethorpe** made a motion to elect **Nielsen** secretary/treasurer, **Harris** seconded. **Nielsen** recused herself from the vote. Motion carried.

F. * (*For Possible Action*) Review, Discussion and for Possible Action, **Policy Development**.

i. **Policies on Licensing** – Review the remaining policies that deal with licensing. L-007, Fingerprint and Background Report Processing; L-008, Examination Approvals; L-009, License Number Assignments; L-010, Screening Questions; and L-011, Processing License Packets. **Lowery** explained the Board has had processes in place for years. None of them have been written down. Because **LaBrie** is leaving we are in the process of writing a policy manual. Comments were made at the last meeting that these policies are cumbersome and wordy. **Lowery's** observation was that this information is for the Board staff, which is why they need so much detail. They have been in use for many years, and are all carried out pursuant to the NRS and NAC. Board members took a few minutes to review the policies presented for vote today. **Harris** made a motion to approve L-007, Fingerprint and Background Report Processing; L-008, Examination Approvals; L-009, License Number Assignments; L-010, Screening Questions; and L-011, Processing License Packets. **Maplethorpe** seconded. Motion carried.

G. Review, Discussion and for Possible Action, Meeting dates and locations for 2018. **Lowery** explained that the March meeting has been scheduled for the second Friday instead of the third because the Commission on Behavioral Health meets on the third Friday of March. **Lowery** should be available to attend the Commission meeting. For the Commission's November meeting, hopefully a new Executive Director will be in place and he or she can attend the Board meeting with **Lowery** going to the Commission meeting. **Lowery** asked that Board members reserve time for each meeting date, even though there might not be a meeting every month.

The Reno Mojave Mental Health office is closing so the Board will probably be meeting at the UNR Redfield Campus. Nevada System of Higher Education (NSHE) has video conference capability and the parking is free. All of the 2018 Board meetings have been scheduled at the Las Vegas Mojave office. With NSHE the meetings can only be scheduled one month in advance. **Maplethorpe** mentioned that Westcare

moved their CIC up north and they have video conferencing ability. Perhaps they could be a backup location.

H. Review and Discussion, Training for Boards and Commission Members done by the Attorney General's office scheduled for Friday, January 19, 2018. **Lowery** announced that she, **Erickson, Ussher,** and **Harris** will go through training all day on January 19, 2018. Members of other boards have been invited to attend due to the AB457 mandate since the training is typically presented only twice per year. The training will be presented in Reno with video conferencing in Las Vegas.

I. Interim Executive Director's Report.

i. **Lowery** is working to submit final regulation changes in to the Legislative Commission before the end of the year. The Board has been invited to the Interim Health Committee on January 11, 2018 so they can review the Board's new regulations. The Board will also be providing new information to the Committee.

ii. **Lowery** was scheduled to conduct a LCSW intern supervisor's training in Las Vegas on December 8, 2017. **Lowery's** flight was cancelled due to a flat tire on the plane so the training also had to be cancelled. The training has been rescheduled for January 5, 2018.

iii. **Lowery** has recommenced licensure preparation classes at UNR and UNLV. She will conduct her second licensure prep class at UNR this evening. The end of February or beginning of March **Lowery** will go to Las Vegas for a class at UNLV.

iv. **Lowery** was invited by the Governor's Office on Economic Development to attend a meeting in Las Vegas on December 5, 2017. All of the behavioral boards were invited and the only one that did not attend was the Drug & Alcohol Board. UNR, UNLV and the community colleges were also invited. They are looking at how we can increase the number of individuals interested in pursuing careers in behavioral health, both mental health and addictions. They plan to start with children K through 12 to look at how to grow people interested in dealing with mental health in Nevada. They were not only looking at a pipeline for practitioners, but also educators.

v. Between now and February, **Lowery** will meet with an online licensing software person. She should have information for the Board's review to move forward with the online renewal and licensing process. **Lowery** is working closely with Loretta Ponton, Executive Director for the Occupational Therapy Board and other boards. She has changed vendors for their online renewal and licensing process and she likes the new vendor. This vendor came in with a lower rate than the vendor originally discussed. **Lowery** is hopeful that she will obtain enough information by the February meeting for the Board to take a vote and engage in a contract. **Harris** asked if the Board will have to go through a procurement process. **Lowery** replied that we must solicit interested parties and if the contract is for \$25,000.00 or more. Under that amount we wouldn't have to go through the RFP process which could take six months to a year to complete. The first part of the project is to bring renewals online and real-time licensure verification. If we can do that for under \$25,000.00 then we can bypass the need to go through the RFP process with the state. The proposed vendor is a national vendor and they work with a variety of medical boards and social work boards nationally. The estimate time for completion is six months.

vi. The Board has been invited to meet with the Sunset Commission. We will be under a high level of scrutiny and need to provide huge amounts of documentation to the Sunset Commission to justify our existence and verify that what we are doing is right and proper. The meeting could be as

early as January 22, 2018. The other behavioral boards are also required to meet with the Sunset Commission. The Board will take some hits with respect to disciplinary matters and the finances are excellent. More of our policies and procedures will be put together. **Lowery** contacted the Commission and requested that the meeting be delayed until February, due to audits and regulation changes.

E-Licensing Software Overview

Regulatory & Professional

E-Licensing Software

Introduction

Albertson Consulting Inc., (Big Picture™ Software) believes that the **Nevada Board of Examiners for Social Workers** will require e-Licensing database & content management system that not only meets the current requirements of the *board* but also has the configurability and flexibility to meet the ever changing future requirements of the *board*. This will require a vendor who is mission-aligned, accountable and reliable and who demonstrates the competency to fully execute the project.

When it comes to **configurability**, we are the **champions**. Other software vendors may claim that they have the ability to easily configure, add or modify record types or record fields. With other vendors, any of these modification requests will, in most cases, require that you call their support line and incur some support costs. With Big Picture™ Software, we enable the customer to easily add record types, modify fields and create custom templates and forms. Our intuitive user interface gives complete control to our customers which not only provides cost savings and reduces support calls, but also saves time by allowing the customer to make modifications at any time.

Not only is deploying and supporting the software easier when you host your site with us; there is also a substantial cost savings for your **board**. No additional equipment or technical resources are necessary. When Big Picture™ Software hosts your application, we provide easy access for your staff members. Our web-based application is always accessible via the Internet. Over 99% of our customers host their sites with us, and we provide the experience, knowledge, security and added peace-of-mind that comes with a professional hosting service like ours.

Albertson Consulting (Big Picture™ Software) is pleased to present this proposal which will outline our past experience, expertise and understanding of the needs and requirements of the **Board**.

What We Offer

We are more than just a software licensing company. We pride ourselves on building long-term partner relationships with our customers – just ask any of them. We believe that every one of our customers is an asset to our continued growth and the ever evolving strength of our product. Software licensing for regulatory agencies, such as the **Nevada Board of Examiners for Social Workers** that requires a licensure management database and software solution that has the maturity, sustainability and configurability to change as the **board's** requirements change.

In our proposal, we offer the **Nevada Board of Examiners for Social Workers** a technology partner who will proactively respond to change, deliver on-time within budget and provide a level of continued customer service that we hope will surpass the **board's** expectations. Our proposal and our licensing software will meet all of the **board's** requirements.

Please see separate document sent with this proposal Big Picture Software E-Licensing Software Overview. This document outlines all of the current functionality of our licensing software which meets all of the requirements of the board set forth within the solicitation. The document will also provide an overview of the expanded functionality capabilities that the board may implement at a later date outside of the original requirements within the solicitation.

If the Nevada Board of Examiners for Social Workers selects Albertson Consulting, you will capitalize on our experience, expertise and ability to successfully execute on our deliverables.

What Makes Us Different

We realize that a handful of other software licensing providers have expressed interest and will likely submit competing *price quotes* to provide a licensure management system. However, we believe that our proven deployment method offers the most configurable, scalable and timely installation to fulfill the Nevada Board of Examiners for Social Workers licensing needs.

We believe our proposal is unique for several reasons:

- ACI provides over ten years of proven expertise in software licensing and database solutions

The *board* cannot sell, give, maintain or distribute the software in any way to any other entity. The *board* retains ownership of all data related to the project.

ACI retains all ownership rights to the software and grants a non-exclusive, perpetual license for the *board* to use the software for its intended purpose as long as the annual support agreement fees are paid in full. All other ownership rights remain with Albertson Consulting, Inc. including the exclusive right to make changes to the source code.

From our past experience working with a multitude of government agencies over the past 13 years, we are offering the *board* a fixed pricing approach regardless of how many users are on the system or how much you use system features. Our clients have appreciated this approach to pricing and we feel is the most flexibility approach when managing an ever changing user base.

Annual License/Support Plan: Includes, software version updates, system maintenance, and support including up to (2) **hours of monthly non-accumulating hours of development, support, assistance or issue resolution** billable annually. Annual License/Support Plan fees apply no matter where the system is deployed.

Albertson Consulting Inc. prefers to enter into a multi-year contract and recognizes and agrees that all maintenance, enhancements, and support beyond the Annual License/Support Plan will be billed at **\$135.00 per hour** commencing upon execution of the contract.

Vendor Software Strategy

Since our software is sold as a web-hosted Software as a Service (SaaS) platform, no software is needed to be installed on local computers. We handle the seamless implementation along with providing

remote support for all internal system users who may require assistance. Our software is not open source it is governed by a strict licensing agreement with our firm. There is only one non-essential area that utilizes any open source software. It could be eliminated for deployment into the state's environment if necessary.

We believe that our system is in compliance with the State's technology standards. To meet the needs of this solicitation, additional vendor solutions may be deployed, integrated and or leveraged to meet the needs set forth herein. Any third-party will not be Open Source Software (OSS), we feel it is critical that any third-party software provides its own licensing and support agreement.

Our system is 100% cloud-based COTS software solution and offered as a Software as a Service (SaaS) that is housed within carrier class hosting facility & data center.

Hardware/Software Client Requirements:

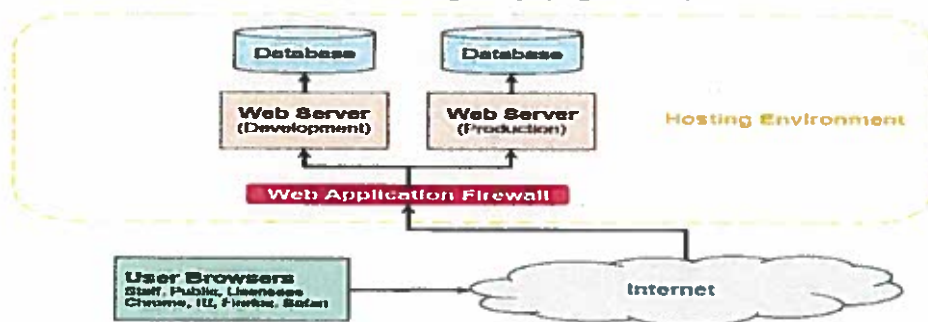

Our web-based software is tested and approved on all current internet connected browser/OS platforms.

Hosted Solution:

We offer the **board** a hosted turn-key license management system. We currently host and support applications for roughly 150 customers in 17 states nationwide. Our Tier III carrier-class facility is certified SAS 70 and PCI Compliant. Our application sits behind a PCI / DSS -Compliant Web Application Firewall (WAF) from Breach to protect our clients' software and data. The systems are checked for vulnerabilities by Nexpose, a Rapid 7 product. This vulnerability detection system ensures that our network, operating systems, existing and new software are held to a manageable level of vulnerability from outside threats.

We will host your solution on our servers or no additional charge. Our annual support/maintenance plan includes hosting your software application and database in our world class hosting facility. We have a 99.9% uptime so you can be confident that your application will be online and ready to assist your

Big Picture Software: Hosting Map (high level)

agency 24 hours a day, 7 days a week, and 365 days a year. Our servers are housed in a Tier III carrier class data center, where security is of the utmost importance, authorized-only access to the hardware and software is required.

Not only is deploying and supporting the software easier when you host your site with us; there is also a substantial cost saving for your *board*. No additional equipment or technical resources are necessary. Our hosted solution provides easy access for your staff and agency members. Our web-based application is always accessible via the Internet. Over 95% of our customers

Because we have many other customers just like you, we can offer a very quick turnaround on support and deploying changes to the system. Our cloud-based software as a service offering has been chosen by many other state entities and successfully managed for years.

Network security and support is critical in managing deployments. Our hosted deployments have had great success with this in terms of our ability to execute deployments, provide high quality, timely support coupled with exceptional uptime, consistency, and security. Backups are performed daily for portions of the system and on a more frequent basis for other portions of the system, first to tape and then to an external data recovery location. All data and privacy protection are done in accordance with industry standards.

In terms of our hosting, the application sits behind clustered firewalls, switches and network gear running in a virtualized environment backed by an enterprise clustered server and NAS. This environment is currently supporting most of our clients and has been for the last thirteen years with remarkable uptime and satisfactory response times.

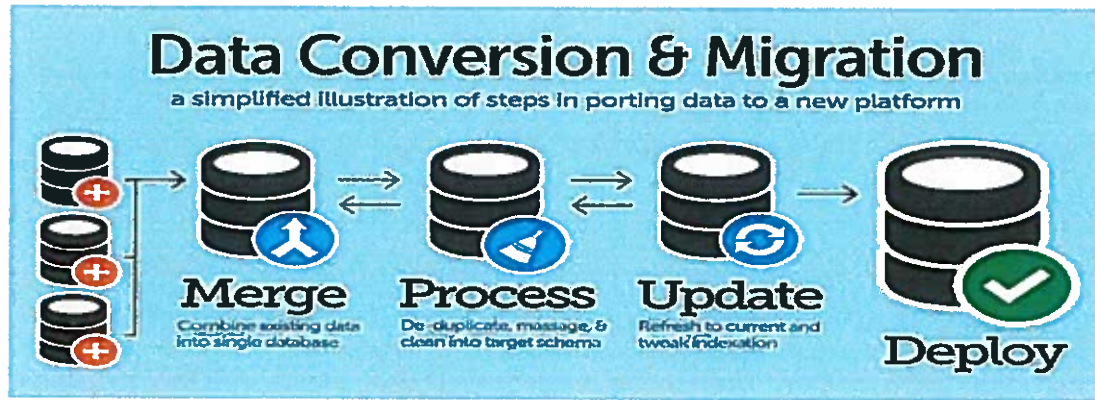

Working with your staff and state IT professionals, we will do our best to deploy the application into a similar environment.

Data Conversion Service

Big Picture Software has conducted a multitude of data migration for most all of the past implementations of our licensing software. We have a set methodology. The methodology consists of the following:

- Analysis of all data to be collected. Both meta-data (ie database, excel spreadsheets, access database, etc) and files (files in file shares, other ECM products, desktops)
- Create a migration specification document
- Analyze and clean legacy data to be imported. This action needs customer support to help clean the data if necessary.
- Conduct a test migration of dataset.
- Users review the test set
- Migrate all data

- Reconcile and resolve any issues
- Provide a reconciliation report of results

Big Picture will be able to import electronic records that are delivered to our staff. Typically these records are in delimited text files. Often other types of files are delivered to our staff to import into our central repository. In the case where a customer is not capable of delivering their records, our staff may be able to pull the records out of the existing internal database system if it has ODBC connectivity or data dump capabilities that render textual files.

Training

Big Picture will conduct training for all designated staff members who will be using the new software/database system. Method of training will be conducted either on-site or via webcasts and will be determined at kick-off meeting. Training will be specific for each job role within your organization. On-going training of *board* staff will be conducted as new staff is added.

User Manuals

Instructional manuals for both system and user will be provided for the *board* and staff for internal reference and training purposes. The manual will be in an electronic format and may be reproduced by the *board* for internal purposes

The expectation is that the majority of training and documentation will be completed prior to production go-live. After production go-live, there should be a support resource available to answer questions on the use of the system (or troubleshooting issues) on an as needed basis. Big Picture will provide training and guidance to designated client staff prior to beginning UAT to teach them how to test the system. Big Picture will dedicate ample resources to resolving any identified issues quickly.

Big Picture will facilitate a series of web-based software demonstrations for the purpose of introducing the *board's* project team members to the core functionality and features of the Big Picture licensing software and database. For many of the project team members, this will be their first exposure to the

Big Picture Licensing software. These demonstrations will provide an initial overview of the features and functions of the new software and will serve as a basis of on-going software training and knowledge transfer that will increase in frequency and complexity as the project progresses through the subsequent design, configuration and deployment phases. The web-based software demonstrations will be facilitated multiple times over on a weekly basis or more if needed to accommodate project team member schedules.

Project Management Team

Even the best software product and implementation support team alone cannot ensure a successful project implementation. A proven project management team that focuses on collaboration among team members will help ensure a successful deployment and implementation. Strong project management leadership combined with proven implementation strategies and a work plan that focuses on all of the key elements of the software development and deployment lifecycle is a necessity for the success of a project of this scope.

Big Picture Software focuses on the use of proven industry-standard processes and best practices for project-level activities. By aligning the pre-defined project plan with management of project scope, schedule, cost, quality, staffing, communications, risk, integration and deployment, will greatly increase the success of an on-time deployment of the new system that meets all requirements in the solicitation. Our close collaboration and interaction with the *board*'s project team and technical support team in every aspect of the project is absolutely essential to project success. We will leverage our past experience in implementation and software configuration, data conversion, testing, training to ensure success of this project.

Big Picture Software's knowledge and past experience with challenges associated with legacy migrations will provide guidance and insight as part of the project management process.

In an effort to reduce the risks that are associated with any deployment, our project team takes a proactive risk management approach which identify risks. Once risks are identified they communicated and escalated to all project teams for resolution. Our risk management approach is based on our experience in implementing similar projects of the same size and scope in other states.

Project Approach

We understand the necessity for the *board* selecting the right vendor to ensure that the project implementation is a success which is the cornerstone for building a long lasting client/vendor relationship. The *board* will experience a new refreshing approach to project management and client implementation if Big Picture is the selected vendor. Our project team will apply best standards and practices when implementing our software ensuring a timely and on-budget project. We believe in building our business one customer at a time, a satisfied customer is a long term customer.

Project Team

A successful deployment starts with a skilled team of seasoned professionals that understand the project task and ensure completion on time. We realize that not all implementations will be exactly the same, and that sometimes delays such as product enhancements and change orders which are outside of the original scope will arise from time to time.

Our project team will work closely with the board to ensure that all enhancements or scope changes are clearly communicated and project timelines/milestones are adjusted according. Communication is crucial to ensure a successful implementation and your dedicated project manager will cultivate a strong client/vendor relationship.

Technical & Customer Support

Our technical and customer support is offered through our office in Minot, North Dakota. Standard technical support is available Monday-Friday from 8:00 AM-5:00 PM. Standard support typically encompasses any type of training, deployment efforts, development, enhancements support, testing, and project management efforts to access these resources during normal business hours.

A dedicated Project Manager & Customer Service Representative will be assigned to assist with initial implementation and ongoing support. Desktop support will also be available as a method if required to resolve technical issues or end user support

Standard response callback time is within 24 hours or one business day. Depending on the type of task requested for support times to complete will vary depending upon complexity of the problem. The preferred method of contact would be through our Task Management System. Escalation process will be discussed and finalized during kick-off meeting.

Typically these requests are confirmed in one business day. Standard support will also be providing strategic support and any other necessary services. Below would be a typical support level offering.

We will supply the end user and administrative user along with online manuals that can be used to train future staff. All future training outside of the original scope of work can be directly addressed under the *board's* maintenance agreement.

Hours of Support

Phone, email, and online support is offered M-F between 8:00 am to 5:00 pm (CST), excluding recognized holidays. On-site support can be requested and scheduled at customer's request if necessary at additional cost. Time and material will be billed to customer.

Board Staff Inquiries

The *board* will have access to the project team and key individuals working with the project staff. Both email and phone communication will be utilized for support issue and problem resolution related to the project. Urgent items are addressed the same day. Non-urgent items are addressed within 24 hours.

Response Times

Depending on the type of request typical customer support issues are usually handled within a 24 hour period upon receiving the request. Emergency requests are handled and prioritized according to the critical nature of the request.

In-House-Task Management System

The *board* will utilize our in-house task management system that has been utilized for 15 years. It will serve as the main project management, enhancement management and support management for the lifetime of the project. This website primarily will serve as a central repository of all project communication and document storage. It will also include an outstanding list of tasks and issues that can be utilized for support purposes.

Board Staff Response Time

As with every deployment and implementation we understand that the *board's* staff may have other priorities that arise during the project implementation which may cause delays in receiving response or required information needed for the project team on our side. We will work with the *board* staff to ensure that both the board and our project team have agreed upon reasonable response times for requested information etc.

Implementation Methodology

The first step in ensuring a successful deployment is following a proven implementation methodology. We have over 13 years of successful *board* deployments and will utilize our past implementation methodology to ensure success of the project. The schedule below lays out a phased implementation approach and estimated staff effort needed to fulfill the requirements within the solicitation. Big Picture Software will utilize the following development methodology for implementation and deployment

RE: Big Picture Software

The North Dakota State Board of Pharmacy has utilized "Big Picture Software" since it was Albertson Consulting well over a decade ago.

Our data base and online renewal process is reported to be user friendly and efficient. The modifications we have requested have been quickly implemented by the Big Picture team and to our satisfaction. Their track record of being quality work for us is very strong. When an Issue does arise, they have a very knowledgeable and talented team to deal with them quickly to the best resolutions.

Over the years, the Board of Pharmacy has used Albertson's to institute several innovative projects such as our "Drug Repository" program, the integration of data with the Prescription Drug Monitoring Program [PDMP], Immunization Authorizations, Naloxone prescribing, among others. Again, their track record has illustrated to us that their ability to modify products to meet the demand of their customers.

We have looked at other vendors but have found Albertson's to be a great fit and a cost effective approach to maintaining our database and website processes. They have great customer service and a platform which can be modified to the demands of the user.

I would strongly recommend Albertson's Big Picture Software to any licensing Board and would be happy to discuss our experiences with anyone that contacts me.

Sincerely,

The West Virginia Board of Osteopathic Medicine was the very first licensing board in West Virginia to purchase and implement Big Picture Software in 2013. Since that time several other licensing boards in West Virginia have purchased the system. That tells the story of Big Picture's success.

The system can be used by any licensing board and is flexible enough to meet the individual needs of each board. Since our implementation in the spring of 2013, we have had reductions in paper files and time tracking down information. In using the Disciplinary Functions of the system we have become much more efficient in processing complaints and meeting the regulatory timelines.

We have received numerous comments from our licensees, attorneys, hospitals, residency programs, and other constituents with the ease of obtaining information from our website and the timely reporting of any changes made directly within our database onto the website.

We are still learning ways to utilize the system and look forward to many more years of working with Albertson Consulting, Inc. in the endeavor of improving quality and timeliness of data thus increasing our effectiveness to secure the public safety.

To whom it may concern;

I am writing to recommend the eLicensing and development services of Big Picture Software. We began the process of transitioning our Renewals, Initial Applications and Investigations and Probations modules to online and automated eLicensing systems approximately 2 years ago and Big Picture has been with us every step of the way.

Their staff is extremely knowledgeable in this space and has been very flexible throughout this process, and always does exactly what we ask of them. The support and development teams work closely together to provide the tweaks and changes needed that enables our agency to effectively serve our approximately 35K licensees and to help us streamline our old paper based application system into an efficient online process for our 13 categories of licensure.

I'm happy to recommend Big Picture Software. If you have any questions, feel free to contact me.

RE: Licensing software

Greetings:

Following an RFP Issued by the North Dakota Procurement Office for licensing software, including a new database, website, online licensing and renewal, and management of investigative and disciplinary functions of the board, in 2012 we selected Albertson Consulting over numerous proposals that included most nationally recognized licensing software products.

At the time, we were impressed with the ability of Big Picture to build a product that more closely fit our needs out of the box, and the greater ability we would have to make changes internally, without needing additional support or purchased changes. We also appreciated their cost, which was lower than the other firms we chose to interview.

We began a process of completely reviewing our business practices in conjunction with our project manager from Big Picture, and the result was a product that not only met our functional requirements from the beginning, but improved our practices and made them considerably more efficient.

It has almost become expected and acceptable, in some government circles, for software projects to come in greatly over-budget and only after long delays. That was not true here.

Since we put the Big Picture product in place, we have expanded it to new licensing groups and added other features, including the integration of a cloud-based product that serves as our method of securely getting confidential meeting materials to our board, allows members to annotate the documents and obtain further information from staff. Our meeting preparation is noticeably improved.

My appreciation of the services and support we receive from BP has grown over time. It is noteworthy that although Albertson Consulting has grown in the past five years, we have the same project manager we started with. I dare say she knows our business as well as, and in some cases, better than, staff. This continuity is invaluable.

I'd be glad to answer any specific questions prospective users of Big Picture might have, and give Big Picture my strongest recommendation.

Sincerely,

RE: Big Picture Software

The Louisiana State Board of Practical Nurse Examiners is in the process of getting "Big Picture Software" implemented as the primary software for tracking the nurse's licenses, the endorsement process, exam process, and verifications and renewals of lpn licenses along with the discipline process.

We were running a 20 year old solution that was custom build for the agency and have been looking for a new solution for 3 years. We have talked with many solution providers but have never found one that completely understood our processes and needs. Of course, they all said they could program us a solution from scratch for a few hundred thousand dollars. But we all know that is just the being of the monies we would have to pay out. Other providers had solutions that would kind of work, but we would have to change our process to fit the solution.

Big Picture was the first solution provider that we found that could speak our language of licensing and had a solution that was flexible enough to fit our processes and procedures. They also quoted us a fair price and gave us a timeline that would fit our needs.

I have since found other solution providers that could also provide us with this type of solution, but the costs were more that quoted by Big Picture and the timeline for implementation was much longer.

We are still in the early stages of implementation, but we know that Big Picture will give us a quality product.

I would strongly recommend Big Picture Software to any licensing board.

Sincerely,

Lloyd Poincot

VIA FEDERAL EXPRESS

Sandy Lowery, Executive Director
Nevada State Board of Examiners for Social Workers
4600 Kietzke Lane, Suite C-121
Reno, NV 89502

Dear Sandy:

Enclosed are copies of the pass/fail rates for graduates of each social work education program in Nevada for the year 2017. These data are for candidates for social work licensure taking one of the Association of Social Work Boards (ASWB) examinations. The results for the group taking one of the exams for the first time give the most accurate indication of ability. Results for the total group of candidates taking the examination are affected by people who have failed before and are taking the examination again. Once a candidate fails, the chances of failing again are greater than for candidates taking the exam for the first time.

Also, please note that inferences and suppositions cannot be reliably made from pass rate data for groups of fewer than 100 candidates. Data for groups with small numbers only reflect the ability of those particular candidates.

Once you receive this information, it will probably be subject to disclosure under your state's law regarding freedom to access public information. Therefore, the schools of social work in Nevada have the right to request the pass/fail information for their graduates from the Nevada State Board of Examiners for Social Workers.

Please let me know if you have questions.

Sincerely,

Jessica Johnson

Re: Reporting per AB457

Per AB457, the Board of Examiners for Social Workers (Board) has conducted an analysis of the following items

- The necessity of the costs of the Board;
- Whether the fees charged by the Board are necessary and sufficient to pay those costs;
- The need for revision of the regulations of the Board;
- Recognition of licenses from jurisdictions outside of this state (endorsement); and
- Efforts to comply with the amendatory provisions of the act.

In 2017, the Board processed 3106 applications for initial licensure and renewal. Initial licensure is granted via examination or endorsement from another jurisdiction. In 2017, the Board endorsed 102 licenses from jurisdictions outside of this state. As the table below shows, the Board has almost doubled the number of licenses via endorsement issued in the prior two years and the majority of these licensees are Clinical Social Workers (LCSWs). As of December 31, 2017, Nevada has 2906 licensed social workers. In addition, there are currently over 200 social workers in post-graduate clinical internships, which can lead to a LCSW license.

Unfortunately, for every license issued, the state continues to lose social workers and this year saw the loss of 293 licensed social workers, the highest number in the last nine years. The Board continues to work with statewide stakeholders in workforce development activities to increase the number of social workers in our state.

2017 – Applications	
Applications for Licensure by examination	423
Applications for Licensure via endorsement	117
Applications for Renewal of Licensure	2566
TOTAL	3106

Endorsed Licenses Granted	
2015	53
2016	57
2017	102

The Board is a self-funded entity, receiving no money from the state's General Fund. Our budget is based on the fees that are collected annually. Fees limits for the Board are set through the legislature in NRS 641B. The following table shows the when the fee ceilings were set by the legislature, how the fees were administered through the NACs and the status of the fee ceilings at this time.

	Fee Ceilings – Legislature (NRS)			Fee Implementation – Board (NAC)				Current

As the table shows, the Legislature has granted several new fee categories and one increase in fee ceilings since the inception of the Board in 1987. In several fee categories, it has taken the Board thirty years to reach the maximum fees allowed by the Legislature.

Based on a fiscal review, the Board is not asking for a global increase in fee ceilings even though all but one category is at it's fee maximum. Rather, the Board is requesting consideration of two increases in the fee ceilings established by the Legislature.

1. The Board would like to increase the application fee from \$40.00 to \$100.00. The Social Work Board's application fees are the lowest of all the Occupational Boards. The last increase in the application fees was instituted in 1998.
2. The Board would like to change the initial licensure fee for the LCSW / LISW so that it matches the renewal fee. This would make the fee a consistent \$150.00 annually. This will correct a discrepancy that currently exists in the fee structure in which initial license fees don't match renewal fees for the LCSW/LISW level of licensure.

The fee increases approved in 2014 allowed the Board to begin to set aside money for the legislative mandate to engage in online processing of applications and renewals. Once sufficient funds were available, the Board began to search for a vendor that could provide the services needed to move our existing database into a format that could be managed online, could process renewal applications electronically and could provide online real-time verification of licensure.

In 2016, the Board identified several vendors and at the February 2017 meeting, the Board reviewed three vendors and selected one and authorized the process of contracting. The bid provided for the

entire project was larger than was allowable without going through the state RFP contracting process. The contracting process for projects larger than \$25,000.00 is cumbersome and lengthy. As the Board prepared to move into this process, information regarding the vendor chosen came to light and the Board withdrew the approval. Per AB 457, the Board has fillable forms available for initial licensure on our website. We are, as yet, unable to provide immediate, automatic feedback whether the applicant has submitted all required information. The information in applications is manually entered into our existing database.

We have identified a new vendor and are working with them to provide a bid for services. The Board has the money set aside to pay for the initial build of the eLicensing database and content management system. The Board has some concern about the cost of annual maintenance contracting and a portion of the revenue obtained by increasing the application fee will cover this expense.

Re: **Supplemental Information for December 31, 2017 Reporting per AB457**

Efforts to Comply with AB457

- Board member orientation for new Board members within 60 days and finalizing of orientation for existing Board members by March 1, 2018.
- Annual performance reviews of Board staff are completed
- Annual report regarding complaint process has been submitted.

Fiscal Information

In the report submitted on December 31, 2017, the Board indicated that a fiscal review had been completed to support the modest request of an increase in the fee ceilings allowed the Board, see document dated December 31, 2017. Although details of that fiscal review were not requested, the Board is providing you with additional information.

In the past, the Board has maintained adequate reserve amounts as suggested by the Legislative Auditor. The Board had a dramatic increase in expenses in FY2016 and FY2107 related to hiring a lobbyist, paying out staff who will be retiring, realigning existing positions and hiring additional FTE to assist in managing the backlog of disciplinary complaints and filling an Interim Executive Director's position. The Board has just completed the interview process for a new Executive Director and will be offering a salary that is more in line with other Boards, further increasing our expenses. These changes have and will drain our reserves. While the Board is able to meet its existing expenses, the ability to rebuild the suggested reserve amount of six months of expenses will be difficult.

The Board is requesting two increases, as noted in the December 31, 2017 report. These two increase will generate approximately \$30,000.00 in additional revenue per year. This will allow us to begin rebuilding our reserves as well as focus on areas that are of importance to the Legislature. We have attached our current budget and a preliminary projection for FY 2018/2019.

I look forward to answering any questions you may have.
