Langston moves to **Agenda Item 3C. Discussion of state changes that impact the BESWs ability to endorse out of state licensure (For Possible Action)**. **Erickson** discussed difficulty in endorsing licensure from applicants from other states that don't have the same licensing requirements as Nevada, such as: Some states are not requiring the national exam or requiring less internship hours

for clinical licensure. **Erickson** states that prior to licensing an endorsement application, the board staff will request exam scores to be transferred to Nevada so we can make sure the applicant has met our licensing requirements. **Lowery** discussed that this could be an issue if Nevada is able to join the interstate compact because we want to make sure the states are "apples to apples". **Erickson** states that she discussed this with DAG **Ward** and he confirmed we can maintain our licensing standards requirement. DAG **Ward** confirms this and reiterates that if a licensee had 1600 hours of internship as an LCSW, we could require them to do additional hours to meet the Nevada internship criteria. **Lowery** states that there is a path to licensure, however it's "not straight across". **Holland Browne** states that the board has considerable responsibility to the public and feels incoming licensees should maintain the standard the board has in place. **Langston** states she attended a Social Work Education conference last week "this is a very hot topic". **Langston** states she understands that we will continue to follow the administrative code regarding licensure. **Erickson** inquired if there needed to be a vote. DAG **Ward** states "it's a discussion on state changes... we have to follow our regs and statutes".

Langston moves to **Agenda Item 3D. Discussion of possible BESW office relocation (For Possible Action)**. **Erickson** reports that in March 2015 there were 2605 licensees and in March 2024 there are 4714 licensees. **Erickson** discussed that there is an increase in staffing and an increase in files and file cabinets due to this increase in licensees to manage, so the board staff would like approval to consider a larger office space. **Erickson** discussed the current plan is to stay in the same office complex and continue to communicate with the office lease management office that we are looking for another space. **Holland Browne** states she has been in the office almost weekly and finds it to be "incredibly cramped" for all of the staff and would support taking a look at other office space. **Holland Browne** states she is also in support of the board staff looking outside the complex if necessary. **Klimas** makes a motion that the Executive Director has the ability to look to relocate office and that they report back to the board when they find anything. **Rubinstein Meadows** seconds the motion. Unanimous approval and the motion passes.

Langston moves to **Agenda Item 3E. Discussion of moving toward a paperless process. (For Possible Action)**. **Erickson** states that "same as item D, we've had an increase in licensees and are running out of space". **Erickson** states they are moving files to archive storage in Carson City and are also looking at digitizing the files instead of paper files. **Erickson** states that she has spoken with the nursing board, and they have been digitized for several years and it works well for them. **Langston** requested a motion. **Klimas** motioned that the board moves toward a paperless process. **Rubinstein Meadows** seconds the motion. **Holland Browne** states that it may be difficult for some licensees to upload their required paperwork. **Erickson** confirms the board staff would continue to assist licensees and applicants with his process if they have difficulty. **Rubinstein Meadows** inquired if a licensee could mail their documents to the board and the board staff could upload the material on their behalf. **Erickson** states that this would be fine, and the board staff already do that for some licensees and applicants if they need that assistance. **Langston** asked if there was any further discussion and if not to please vote. Unanimous approval to move forward with going paperless. Motion passes.

Langston moves to **Agenda Item 3F. ASWB New Board Member Training Updates (For Discussion)**. **Erickson** states this was an error to put on the agenda because the New Board Member training isn't until later in the week.

Langston moves to **Agenda Item 3G. ASWB Education Meeting (For Discussion)**. **Erickson** discussed that she applied for the ASWB scholarship funds to be supported to attend the Education meeting in Virginia in May, however she did not receive the scholarship and would like board funding for airfare and hotel accommodation. **Langston** states, "You need to eat too". The topic of board funding was approved in the previous board meeting, however **Erickson** wanted to update the board on not receiving the scholarship.

Langston moves to **Agenda Item 3H Board Review of Hearing for Virgilio DeSio, License No 6200-C (For Possible Action)**. DAG **Ward** states "I'm happy to report that opposing counsel for licensee DeSio is pleased with the new language and the consent decree". **Ward** states that that unfortunately we just do not have it signed by the licensee as of this date. **Ward** states, "hopefully it will be signed and presented to the board for approval at the next meeting".

Langston moves to **Agenda Item 3I. Executive Director's Report (Informational)**. **Erickson** states she has been employed now with the board for close to a year and has seen a rapid increase of

license approvals and processing time for applications has improved as well. **Erickson** reports that the staff are wonderful at working together and continue to work with licensees and applicants to respond to questions and license as quickly as possible. **Langston** states, "I would like the Board's consideration in sending accommodations to the staff for the excellent customer service and work that they do on behalf of the licensees in the State of Nevada". **Erickson** states "yesterday we licensed an applicant who submitted their application that day", indicating that the licensee had already had their transcript and their background check completed in advance, so quickly got licensed.

Erickson states she would like to thank **Lowery** for her hard work on the NACs, acknowledging that is a long, time consuming and sometimes difficult process, and **Lowery** has been doing a wonderful job.

Erickson reports that the board staff are current on CEU approval, and there is a rapid turnaround when the board staff receive the CEU packet to review.

Erickson invites the Board members to let her know if they would like anything put on the agenda for the next board meeting.

The next Board Meeting will be Wednesday, April 17th at 9:00 am.

Langston moves to **Agenda Item 4. Public Comment.** **Erickson** states there is nobody via email, on the telephone or in the office to provide public comment.

Langston moved to **Agenda Item 5. Adjournment at 10:09 am.**
